NIGHT ATTACK ON JAIL AT JACKSON

Troops Repel an Assault by Armed Men Who, It is Believed, Were About to Attempt the Rescue of Murderers Jett and White

Many Shots Were Exchanged. But Breaking of Fierce Storm Ended the Attempt--Jett and White Plead Not Guilty When Arraigned.

Jackson, Ky., May 28.—Early last evening a body of about sixty armed men were noticed in Jackson. They were not together, but kept close to each other.

At midnight the prowlers began to sneak across the street from the bank south of the jail. The guards commanded them to halt. They refused and in reply fired several shots.

The guards returned the fire. The prowlers ran about a hundred yards further and fired again. The guards then poured three volleys into them in rapid succession. Moving objects were discovered on the north side of the jail and the guards fired again and killed a cow. A few moments before the firing a flash of lightning revealed a squad of men in the hills in the rear of the jail. It was then expected that concerted action was to be made to reach the jail and the troops prepared to give any comers a hot reception, but a terrific storm was raging and it was absolutely so dark that no further demonstration was made.

Curtis Jett and Thomas White were arraigned today for the murder of J. B. Marcum and pleaded not guilty. Their trial was set for next Monday. Col. Roger Williams left today for Lexington. The camp of the troops was almost swept away during the storm last night. It is thought that Colonel Williams will ask for more troops and more equipment.

After considerable delay a consultation among the attorneys was held, French, of Winchester; Noble, of Jackson, and J. B. O'Neal, of Covington, participating. This consultation resulted in White and Jett filing affidavits asking Judge Redwine to remove Elizor Little on the ground of prejudice. They allege that Little said they ought to be hanged. Judge Redwine was sick and announced that he was too unwell to hold court today. The attorneys then argued a motion as to when trial should commence. The defense wanted two weeks time, claiming they cannot get their witnesses sooner. The case was set for Monday which is the first day of the regular term of court and there is a special term over Saturday. The grand jury is still working on the Cockrill case.

NOBLE RED MEN ARE PRESIDENT'S ESCORT

He Again Enters Idaho and is Given a Fine Reception at Pocatello.

Pocatello, Idaho, May 28.—President Roosevelt re-entered Idaho this morning and received a warm welcome here. He was met several miles outside of the town by a band of Indians from the Blackfoot reservation who raced alongside the train into Pocatello. The president was met at the depot by a large crowd and, escorted by cowboys and Indians, he was driven to a stand from which he delivered an address.

At 9 o'clock the president's train left for Boise.

There were 8,000 persons at the station here to greet the president who was met by a committee headed by Governor Morrison and including United States Senator W. B. Heyburn and National committeeman W. Stanrod. The escort to and from the Pocatello depot and the stand from which he spoke was composed of Kimball Lodge Brotherhood of Locomotive Firemen, of which order President Roosevelt is an honorary member, the G. A. R., Philippine veterans and a squad of cavalrymen.

WILL SEE THE PRESIDENT.

Peoria, Ills., May 28.—Samuel Woolner, Sr., in his capacity of president of the union of American league of Jewish congregations, in a personal interview at Springfield, with Senator Cullom, chairman of the committee on foreign relations of the United States senate laid the matter of the atrocities against the Jews by the Russians before him fully. Mr. Cullom promised that he would bring the matter to the attention of President Roosevelt, who will be in Springfield, in a few days, and the senator promised to see him at that time.

CITY BREVITIES.

Born, to Mr. and Mrs. Peter Shinkle, of 1803 Franklin avenue—a daughter.

J. F. Knight and Dr. W. F. Myers have gone to Crooked Lake to spend a few days fishing.

Mrs. Obenchain, of 417 Buchanan street, is hostess for the Up-to-Date Thimble club this afternoon.

Otis Hahn, of Indianapolis, a former member of Battery B, was calling upon friends in the city this morning. He is now engaged in the insurance business.

FREIGHT HANDLERS HAVE NOT QUIT WORK

No Immediate Strike Likely in Chicago--St. Louis Strike Grows.

Chicago, May 28.—Indications today are that there will be no immediate strike of freight handlers here. According to an interview given by the president of the union no official action will be taken until the employes of the individual railroads have been notified of the action of their respective general managers with regard to the demands made upon them and have reported to the executive committee of the union. The railroad managers deny a report which became current to the effect that notices had been sent to shippers to make all possible haste in getting shipments under way, although preparations are still being made to secure outside help in event of a strike.

At a conference this afternoon between the officials of the Illinois Central railroad and a committee of its freight handlers the latter agreed to abide by a 30 day notice clause embodied in an agreement made July 10, 1902. This provided that no change in schedule of wages or rules should be made by either party without giving 30 days notice. The demand having been made on May 15 the 30 days will expire on June 14.

ST. LOUIS STRIKE GROWS.

St. Louis, May 28.—The teamsters of St. Louis who last night declared a strike, thereby opposing the councils of their officers, went out this forenoon, and this was followed by more freight handlers in East St. Louis walking out in sympathy.

No figures have yet been given as to the number of teamsters who struck in St. Louis today, but it is said the strike was not a complete walk-out, as the railroads and merchants have continued to handle freight, although it is admitted they are somewhat handicapped.

The Chicago & Alton freight handlers were first to strike in East St. Louis today and later other freight handlers went out. It is estimated that with the men who went out yesterday there are now 1,500 freight handlers on strike in East St. Louis.

The Bloomingdale Hoboes defeated the Hungry Hill Owls in an eleven-inning game by a score of 2 to 1. The feature of the game was the home run of William Leinker.

THE GROFFS GIVE BONDS TO COURT

Two Men Charged With Bribery of Postal Officials Under Arrest.

CASES WILL BE PRESSED

Machen's Lawyer Issues Statement in Which He Says Truth is Wanted.

Washington, May 28.—Diller B. Groff, senior member of the firm of Groff Bros., manufacturers of letter box fasteners, who was arrested last night for alleged bribery of former Supt. A. W. Machen, of the free delivery system, postoffice department, appeared before United States Commissioner Taylor today for preliminary examination. He was accompanied by Samuel Maddox, his attorney, and his son, Diller F. Groff. Postoffice Inspector Meyer appeared as the complainant for the government.

After consultation by telephone with Assistant District Attorney Hugh Taggart, the preliminary hearing was postponed until Tuesday, June 9. Mr. Taggart desired the hearing to be set for Saturday, June 6, but Mr. Maddox insisted that it go over until June 9. To this the government agreed.

Mr. Groff then renewed his bond of $10,000, given last night, Attorney Maddox and Diller F. Groff qualifying as bondsmen.

Samuel A. Groff, the junior member of the firm, who also was arrested last night charged with the same offense as his brother, will appear before Commissioner Taylor tomorrow morning. His preliminary hearing will be set for Tuesday, June 9, also, as the complant against the brothers Groff charges them jointly with the offense. He simply will renew his bond as did his brother.

STATEMENT FOR MACHEN.

Mr. Chas. A. Douglass, of counsel for Mr. Machen, today gave out the following statement of the present status of the Machen case and also about the course of proceedings in the immediate future:

"Mr. Machen cannot fight out his case in the newspapers, but this much can, with propriety, be stated:

"The charges seemingly made with great deliberation are of the gravest character, and if the government succeeds in establishing them Mr. Machen and every one connected with them, ought to be severely punished. If, however, they have been made improvidently and without sufficient evidence, public censure, swift and strong should fall upon the heads of the responsible parties. Mr. Machen has been a long time in the public service, and he is widely and favorably known throughout the United States, and it is due him that the public should not prejudge his case but should patiently await developments, which are sure to some. Mr. Machen is ready to meet, in the clearest and most satisfactory way, the charges now specifically made against him, and he now generally and publicly invites the most rigid investigation into every act and transaction connected with his official life. More than this should not now be said."

Mr. Machen under advice of his counsel refused to discuss the case.

CASE TO BE PRESSED.

Assistant Attorney General Robb, of the postoffice department, had a long conference today with United States District Attorney Beach regarding the procedure in the Machen case. It is the wish of the postmaster general that the trial of the case be expedited as much as possible. The evidence in the case has already been reviewed by Attorney General Knox, Solicitor General Hoyt and District Attorney Beach and the prosecution now rests with the department of justice. The federal grand jury is in session and it is expected that the case of Machen will be presented immediately to that body. The civil suit and attachment proceedings to recover the amounts alleged by the postoffice department to have been obtained from the post-box fastener contracts will be instituted at once. This phase of the case is now in the hands of the district attorney. The proceedings will be similar to those instituted in the Gree-Gaynor cases. The postmaster general said that no further sensational developments were expected today. Nevertheless other arrests are believed to be imminent.

Postoffice Inspector Mayer, who worked up the case against Machen, was at the district attorney's office today making arrangements for the issuance of subpoenas for the government witnesses who are to appear at the hearing of Machen June 5, and the hearing of Groff Brothers June 9. Several of these witnesses reside outside of Washington. Their names could not be learned this afternoon.

LIPTON'S SQUADRON SAILS FOR AMERICA

Reliance Wins Another Trial Race in Which Constitution is Damaged.

Gourock, Scotland, May 28.—Sir Thomas Lipton's flotilla, consisting of the Shamrock III., the Shamrock I., the steam yacht Erin and the ocean tug Cruiser, whose combined crews number 170 men, sailed from here for Sandy Hook at 1 o'clock this afternoon. Great crowds of people bade them farewell, flags were everywhere displayed and bands, whistles and sirens combined with the cheering of the spectators to give the cup challenger a great send-off.

CONSTITUTION INJURED.

Matinicock Point, L. I., May 28.—The three cup yachts, the Reliance, the Constitution and the Columbia, started today in the fourth of the preliminary trials over the Glencove course. The Reliance won over the Columbia by a wide margin. The Constitution, after showing well, was obliged to discontinue the race because of the breaking of her topmast.

The wind at the start was from the south-southwest and blowing about ten or twelve knots an hour. The course for today's race was a triangular one of twenty-five miles. This will be a run almost off the wind of eleven miles, a reach of three miles across the sound and a run home of eleven miles. At the start there was a sharp contest for position between the Reliance and Constitution, the Columbia keeping away and crossing the line first.

The official time was: Columbia, 12:15:21; Reliance, 12:16:43; Constitution, 12:17:00.

A half mile from the start the Reliance and the Constitution passed the Columbia to the windward and the Constitution had drawn up on the Reliance until she was almost on her weather quarter.

The Reliance won, beating the Columbia about a mile and three-quarters. Time, Reliance, 2:26:27.

The Columbia crossed the line second at 2:33:38.

The Reliance won by 8 minutes, 33 seconds, allowing 1 minute, 22 seconds which the Columbia led the Reliance at the start.

On the way back to the finish the tack of the Columbia's baby jib topsail parted, and the sail went aloft to the topmast head. This enabled the Reliance to increase her gain on the old boat. The race was finished in a fine breeze.

BIG QUESTION UP IN THE ASSEMBLY

Revision of the Faith and Union of the Churches are Reported.

Los Angeles, Cal., May 28.—When Moderator Coyle called the Presbyterian general assembly to order this morning it was evident that today would be one of the most important of the assembly. Three questions that have caused much discussion in the church in the past years were on the calendar for the morning session, namely, the committee on revision of the faith, the report of the committee on divorce and re-marriage, and the Tennessee overture. This last is the overture decision upon which will close or leave open the doors of the Presbyterian church to the colored race. It proposes to establish separate presbyteries for the whites and blacks in the south. The fight today was made for the immediate consideration of the overture. The sub-committee on the subject recommended that the entire matter be referred to a special committee, to report to the next assembly. The recommendation was opposed by the colored commissioners on the floor, who desire action by the present assembly.

GREETING FROM THE NORTH.

Nashville, Tenn., May 28.—The general assembly of the Cumberland Presbyterian church was greeted on assembling this morning with a message from the northern Presbyterian assembly, which read:

"The general assembly at Los Angeles receives with cordial congratulations your message announcing the appointment of a committee on Presbyterian union, and has appointed a similar committee for the same great purp

DES MOINES IN DANGER OF FLOOD

River Gorged by Rains Rises at Alarming Rate Driving People Out.

HOMES ARE ABANDONED

Water Continues to Rise and is Near Record Mark of One Year Ago.

Des Moines, Iowa, May 28.—Hundreds of families were driven from their homes by floods which today closely approached the unprecedented record of last year and continued to rise with such rapidity as to render it apparent that last year's record would soon be surpassed. At 9:45 the center span of the $85,000 bridge in process of construction on Sixth street was carried away and it was apparent the south span could not long withstand the current. The wreckage was swept against the street railway bridge and that structure had a narrow escape.

The loss to the bridge is estimated at $30,000. Reports from above Des Moines indicate that last year's record has been surpassed.

WORKED ALL NIGHT.

All night scores of men patrolled the river banks, strengthening the levees, while many more were employed in removing inhabitants and household goods from the bottoms. At 8 o'clock the levees on Maurice street gave way before the floods of the Des Moines river, swelled by those of the Raccoon, and 150 houses were flooded in an incredibly short time, forcing the inmates to run for their lives. The Raccoon is keeping pace with the Des Moines and has devastated many square miles of territory in the southwest portion of the state.

NEAR RECORD AND RISING.

At noon the Des Moines river in the heart of the city was only a foot under last year's record and still rising rapidly. At 11 o'clock a break occurred in the North Des Moines levee, inundating a large residence district. News from over the state was not reassuring. At Cedar Falls the Cedar river rose suddenly during the night, so that a larg number of persons had to be rescued in boats from upper floors. Middle river, the Little Sioux and the Nishabota are the highest in their history. News comes from Schaller of the drowning of Curtis Seek. Communication was re-opened with Audubon and it was learned that seven children were seriously hurt in a tornado Tuesday night and that five persons were injured at Brookside.

STORM IN INDIANA.

Indianapolis, May 28.—Details of the work of the storm which swept almost every part of the state were received today. At Alexandria the Penn-American Plate Glass company was a severe sufferer, seven large steel stacks being wrecked. Wm. C. Gray, a machinist helper, was killed. A part of the Republic steel mill roof was lifted. The aggregate property loss is large.

At Hammond the wind wrecked the home of Policeman William Bunde, and Bunde was severely injured by falling timbers. Edward Brennan, a railway engineer, died of shock. Christopher Hodel and his son, while working in a field, were struck by lightning. The boy was killed and the father fatally injured.

At Greensburg the county buildings were unroofed. Heavy damage was done at Frankfort, Thortown, Decatur, Windfall and Camden. In this city and surrounding territory the telephone wires were wrecked. A strike of telephone linemen is delaying the repair work.

KANSAS RIVER RISING.

Topeka, Kas., May 28.—The Kansas river at this point is rising steadily. The water is spreading out over the city park, flooding the settlement known as Little Russia and several houses in that territory have been abandoned.

SITUATION IS WORSE.

Salina, Kas., May 28.—The flood situation here today is worse than it was yesterday. Another heavy rain fell early today and the river is still on the rise. No trains can get out of town west and many families have been shut off from supplies.

DANGER IS PAST.

Sioux City, Iowa, May 28.—The water in the Floyd river is falling rapidly and all danger of a serious flood here is past.

THOUSANDS SLAIN BY AN EARTHQUAKE

Entire Population of Melazgherd, a Town in Asiatic Turkey, Perished and the Town Destroyed by Fearful Convulsion on the 29th of April

Advices Just Received in Constantinople Give Meager Details of the Horrible Catastrophe--Troops of the Garrison Among the Slain.

Constantinople, May 28.—Advices which reached here today from Asiatic Turkey show that a terrible earthquake occurred April 29 at Melazgherd, in the vilayet of Van, eighty miles southeast of Erzroom, on the Euphrates. The town was totally destroyed, with its entire population, numbering 2,000 souls, including 700 Armenians, as well as the troops forming the garrison of Melazgherd. In addition over 400 houses in neighboring villages collapsed.

A somewhat severe earth shock was felt here this morning, but no damage was done.

SOME DETAILS RECEIVED.

London, May 28.—The foreign office here today received some details from the British consul at Erzroom regarding the recent earthquake at Melazgherd, according to which a strong earth shock, lasting thirty seconds, was felt in the morning of April 29 throughout the entire district between Lake Van and the Russian frontier and as far west as Kharput. The town of Melazgherd, consisting of 500 houses, was destroyed and much havoc was wrought in the surrounding villages. Col. Khalil Bey, commanding the garrison of Melazgherd, with his whole family, three other officers and eighty soldiers, perished in the ruins. Lieut. Col. Tayib Bey, whose family perished, became insane.

The telegraph operator who sent the news of the catastrophe said he himself was badly injured and that his wife and sister had been killed.

The foreign office has appealed for subscriptions for the relief of the destitute Mohammedans and Christians of the Melazgherd district.

ANIMAL WAS NOT AS REPRESENTED

Viberg & Co., Say They Were Victims--Matters in Lower Courts.

George H. Viberg, of the firm of Viberg & Co., made an affidavit in Justice Tancey's court this afternoon against Rufus Hinga, who lives near Roanoke, and a deputy sheriff was sent out to place the man under arrest. Wednesday of last week, according to the allegations made by Mr. Viberg, Hinga made his appearance at the store of the firm with a horse that he said he wanted to trade for a buggy and a set of harness.

The animal was represented as perfectly sound and said to be worth $150. A buggy and a set of harness worth $130 were traded for the horse and the animal was at once turned over to C. R. Higgins. Within a short time the horse demonstrated that it had most of the ailments common to the species and a liberal estimate of its actual value was placed at $10.

Mr. Viberg said that Hinga gave his name as Redding and said he was a brother of Harve Redding, one of the best known farmers in Whitley county, and that this induced him to take his word that the horse was sound.

Hinga was arrested and brought in by Deputy Sheriff Reichelderfer. He waived examination and was held in $300 bond.

SALOON MEN FINED.

William Stokes and Henry Blaising, who conduct saloons at New Haven, were fined $1 and costs each in Justice Tancey's court this afternoon for desecrating the Sabbath. Affidavits were filed against them by Mrs. Lillie Travis, who says they sold her husband intoxicants.

Annie Dau has filed an affidavit against William Miller charging him with malicious trespass. Justice Tancey will hear the case.

FIRE IN INSURANCE OFFICE.

Fire at 10:45 o'clock Wednesday evening did a damage estimated at $100 in the office of the Metropolitan Life Insurance company on the third floor of the Elektron building. Night Wireman Charles Martin, of the Jenney Electric Light and Power company noticed smoke issuing from a window and sent in an alarm, companies 1, 3 and 4 responding. Some papers in a desk had caught fire from a cause unknown, and the desk was practically destroyed. Adjacent furniture was also somewhat damaged.

RIVER STILL RISING.

LaCrosse, Wis., May 28.—The river here at noon was the highest of the year, and rising. Many farms are submerged.

GOVERNMENT LOSES IN EXCITED CONTEST

Sensational Scenes Enacted in the Parliament of British Columbia.

Victoria, B. C., May 28.—Sensational scenes in the house yesterday following the dismissal of A. C. Wells, chief commissioner of land and works and Attorney General Eberts, culminated in the defeat of the government and the announcement that the legislature would be dissolved. A motion by Premier Prior was defeated by a vote of 16 to 13. Finance Minister Prentice made a sensational speech in which he referred to Eberts as a "blackguard," and said that the premier had for colleagues "men untrue and unfaithful, cowards, and liars." Later W. W. B. McInnis, provincial secretary, tendered his resignation. Although the government was defeated they were enabled with the support of Joseph Martin and his followers, who hold the balance of power, to secure an adjournment during which arrangements will be made for the passage of supply and non-contentious legislation before the legislature is dissolved and an appeal made to the country. The crisis was brought out as a result of the investigation into the granting of certain lands to the Canadian Pacific railway and the subsequent revocation of these grants.

CLOSES CUSTOM HOUSES.

Caracas, Venezuela, May 28.—The Official Gazette published today a presidential decree temporarily suppressing the custom houses at La Vela, Quanta, Puerto Sucre, Guiria, Cano, Colotado and Ciudad Bolivar and allowing steamers coming from Europe 30 days, and sailing vessels 60 days to reach Venezuelan ports. Steamers from the United States are allowed 15 days and sailing vessels 30 days and both steamers and sailing vessels from the West Indies and Demerara are allowed ten days to reach Venezuela. Steamers and sailing vessels from Trinidad and Granada are allowed two days. The allowances count from June 1st. The customhouse of Juan Griego, Margarita Island, is by the same decree transferred to Port Lamar.

KAISER PRESENTS GOLD CUP.

Berlin, May 28.—Emperor William has presented the New York Yacht club with a cup to be known as the emperor's cup, to be competed for the first time next fall. It is of gold, two feet high, and has on one side the arms of the United States and those of Germany, and on the other the heads of an ancient Teuton and an Indian, and a sketch of the Meteor. The cup is being made by Tiffany & Co., of New York.

ANOTHER DOCTOR

Has Been Added to the Staff of the Fort Wayne Branch of the Red Cross Medical Association—On This Account They Again Extend Their Offer to Give Their Services Free for Three Months to All Who Call Before July 1st.

A staff of eminent physicians and surgeons from the Red Cross Medical Association have established a permanent branch of the Institute in Fort Wayne at 723 Clinton street.

These eminent gentlemen have decided to give their services entirely free for three months (medicines excepted) to all invalids who call upon them for treatment between now and July 1st. These services consist not only of consultation, examination, and advice, but also of all minor surgical operations.

The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted, and under no conditions will any charge whatever be made for any services rendered for three months, to all who call before July 1st.

The doctors treat all forms of disease and deformities, and guarantee a cure in every case they undertake. At the first interview a thorough examination is made, and, if incurable, you are frankly and kindly told so; also advised against spending your money for useless treatment.

Male and female weakness, catarrh and catarrhal deafness, also rupture, goitre, cancer, all skin diseases, all diseases of the rectum and the drug habits are positively cured by their new treatment.

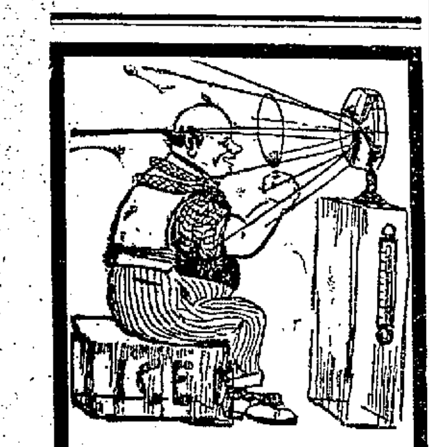
Office hours from 9 a. m. till 8 p. m. No Sunday hours.

When a woman is nervous her imagination gives fantastic and threatening shapes to the most familiar objects. By day she starts in fear at every sudden or unfamiliar sound. By night the furniture of her room takes on affrighting forms of ghost or goblin. You can't reason with the nerves. Neither logic nor love can quiet them. They must be nourished and then the outcry of the nerves will cease as naturally as a hungry child ceases to cry when fed.

For nervous women there is no better tonic and nervine than Dr. Pierce's Favorite Prescription. It cures the diseases which produce nervousness in women, irregularity, debilitating drains, inflammation, ulceration and female weakness. It tranquilizes the nerves, encourages the appetite, and induces refreshing sleep.

"When I began taking your medicine I was not able to stand on my feet ten minutes at a time," writes Mrs. Hattie Borradaile, of 113 Spring Street, Nashville, Tenn. "Had falling of uterus, and kidney and liver disease, and was so weak and nervous I could not keep still. Would take nervous spells and almost die at times. I had several different doctors attending, but they could not do me any good. The last one I had said I would never get up again. Told him that I was taking your 'Favorite Prescription' and 'Golden Medical Discovery,' and he said, 'Might just as well take that much water each day.' But I thought I would give the medicine a fair trial. Before I had finished the first two bottles I was able to get outside the house and walk around the yard. I kept on taking the medicines and they cured me."

Dr. Pierce's Pellets cure biliousness.



KEEP COOL

Summer's too hot to worry over any trifles. If you've a small debt that is crowding you, let us attend to it. We'll arrange it for you, with the least trouble to you, and make it to be paid back in small weekly or monthly payments.

$1.20 is the weekly payment on a $50.00 loan for fifty weeks.

Other amounts in the same proportion.

If you have household goods or chattles of any kind, you are in our line. We also loan on salaries to people holding permanent and responsible positions.

Wheeling, W. Va., May 28.—Carbiener's superior work in the box, coupled with Childs' propensity for presenting basses on balls, together with a playful habit of indenting the persons of the Fort Wayne players with an inshoot now and then, brought an overwhelming defeat to the locals in the closing game of the series here yesterday. Curtis and Dahlquist were the only home players who were able to find Carbiener and the hit secured by each of them constituted the sum total allowed by the Fort Wayne pitcher. The game was a walk-over after the first inning. After the game the visitors left for home, where they will play a series with the Daytons. The score:

BASE BALL NOTES.

Tomorrow will be ladies' day at the park and ladies will be admitted free.

The first game on Decoration day will be called at 10 o'clock in the morning and the second at 3:30 o'clock in the afternoon.

Curtis is slated for duty in the pitcher's box at the park this afternoon. He will rest up after today for the game at Marion Sunday.

Ostdick, who was left at home on account of an injury sustained in the game Saturday afternoon, is recovering nicely and may be able to go into the game during the present series.

With anything like a good break the games today ought to put Fort Wayne nearer the leaders. On form the home team should take the game from Dayton and as the leaders will be fighting for supremacy, one or the other is bound to suffer a slump in the percentage column.

The Wabash railroad will run a special excursion to Marion Sunday for the game between the Fort Wayne team and the team of that city. The train will leave here at 10 o'clock in the morning and will leave Marion at 8 o'clock in the evening for the return. The fare is $1 for the round trip.

Dispatches announce the transfer of the Anderson franchise in the Central league to Grand Rapids, a change that has been expected for some time, as the poor attendance at Anderson did not justify the attempt to maintain a club there. Grand Rapids will put a good team in the field and the change is generally regarded as a betterment of the circuit. The prediction that the change would be made was first made by The Sentinel several weeks ago.

BASE BALL EXCURSION
MARION, IND.,
MAY 31.

Fort Wayne and Marion clubs play at Marion next Sunday for which the Wabash will run a special train leaving Fort Wayne at 10:00 a. m. and returning leaving Marion at 7:30 p. m. Tickets $1.00. 26-5t

THE WASTES OF THE BODY.

Every seven days the blood, muscles and bones of a man of average size loses two pounds of wornout tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures Indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Meyer Bros. Co.

CLOSING ENTERTAINMENT.

The advanced classes of Mrs. Jennie Ray Ormsby gave their closing entertainment in Kimball hall, last evening, in the presence of an audience of invited guests. The program consisted of readings and drills, and was very pleasing. The numbers were as follows: March fantastic, by Mrs. Perry DeHaven, Mr. DeHaven, Frank Green, Miss Thomas, Miss Muirhead, Miss Dessie Newcomb, Elmer Burris and Earl Henschen; readings by Fay P. Randall, Dr. Nierman, Mr. DeHaven, Frank Hilgeman, Earl Henschen, Elmer Burris; Irish lilt, by Messrs. Henschen, Burris and Nussbaum; cymbal drill by Mrs. DeHaven, Miss Green, Miss Muirhead, Miss Thomas and Miss Newcomb; Spanish fandango by Miss Irene Malloy, Miss Leona Wilkinson, Miss Edith Coverdale, Miss Dessie Newcomb, Miss Alma Dreier, Miss Olive Brooks, Miss Carrie Boyles and Miss Elsie Kettler.

FIVE DAYS IN BOX CAR.

Frank Shuster, 19 years old, and a resident of this city, was taken from a box car in the yards of the Big Four at Paris, Ill., Tuesday, in an exhausted condition, having been locked in the car without food or water for five days. Shuster boarded the car here, and the employes, thinking the car empty sealed it. At Paris trainmen were attracted by groans coming from the car, and Shuster was released. His tongue was swollen, and he could not walk without assistance. It is expected that the young man will return home.

STRUCK BY LIGHTNING.

Logansport, Ind., May 28.—Landford Stephenson, a young farmer, was killed by lightning yesterday afternoon while baling hay on his farm south of Walton. He left a widow and one child.

BIG HEALTH RESORT MAY BE ESTABLISHED

H. F. Schnelker's Maumee Township Farm Presents Many Advantages For It

Among prospective additions to the already widely varied institutions of Allen county is a health resort, with bubbling springs of magnetic mineral water, wells of salt water, a sanitarium, bathing houses and all the appointments and accessories of a modern spa.

Henry F. Schnelker, the well known manufacturer and capitalist of New Haven, possesses in his splendid farm of four hundred acres on the south bank of the Maumee river, one mile from Woodburn and fifteen miles from Fort Wayne, what must be regarded as a naturally advantageous place for such an establishment, not alone by reason of the beauty of its situation, but also and more particularly from the fact that he has on his farm the requisites of such a place in a remarkable variety of waters, magnetic, mineral and salt. One of the springs, that from which the now well known "blue cast" bottled water is taken, is a very copious outpour of water of highly magnetic kind, distinct mineral properties and acknowledged medicinal value.

Less than a year ago Mr. Schnelker began to place this water on the market. He erected a bottling plant at the spring and put up the water in plain and carbonated form, the latter embracing several flavored waters belonging to the general class known as "temperance drinks."

The business has outgrown the present capacity of the plant, which is to be doubled.

GAVE HIM AN IDEA.

Mr. Schnelker's success with his bottled water gave him an idea. His mind began to inquire why a sanitarium where the waters might be used for bathing as well as for drinking could not be developed. In addition to the "blue cast" spring there are not only numerous other springs, but there are on the farm two remarkable deep wells, one of which produces a salt water much resembling in character and properties the famous bathing waters of the Mt. Clemens springs and the other a water of pronounced cathartic properties.

With these special advantages at hand it would seem that a health resort of high merit could be developed there. At any rate, Mr. Schnelker, who is one of Allen county's most astute and successful business men, believes his farm presents attractive possibilities in that direction and he is giving the matter most serious heed just now.

SPLENDID RIVER FRONTAGE.

Mr. Schnelker's farm embraces 415 acres of as fine land as there is in fertile Maumee township. It has nearly a half mile of frontage on the Maumee river, a beautiful wooded bluff bordering that pretty stream, which at this point is broad, for the most part quite deep and of good current. Many springs abound along the bluff and others lurk farther back in the woods. The "blue cast" spring comes from a boggy place in a pretty ravine. A large iron pipe has been sunk to a depth of fifteen feet or more and from this the water flows in a heavy stream. It is Mr. Schnelker's purpose to clean away the marshy deposit and expose the great nest of springs which underlie it and construct a large marble well and probably a pavilion. Other springs will be developed and their waters analyzed to determine what their medicinal virtues may be.

RAILWAY PROSPECT.

What has been regarded by Mr. Schnelker as the most serious handicap to his plans is the want of immediate railway facilities. Though the Toledo branch of the Wabash railway is but a mile distant at Woodburn, that has not been thought to meet the peculiar necessities of a resort such as been contemplated. That difficulty has now some promise of being solved, however, by the construction of an interurban line from Ohio points to Fort Wayne, entrance to the city for which was applied for the other day. This road is routed through the Schnelker farm. If that is not built it is not improbable that some railway project having distinct relation to the sanitarium and health resort plan may be developed. The river is to be dredged for a distance of several miles and the channel cleaned to accommodate a steam craft of good draft. A tug with sand dredges has already done much work along the river at that part of its course. Some of the most beautiful views along the entire course of the Maumee river are in this vicinity, and no great outlay would be necessary to create an attractive resort there.

VALUE LONG UNKNOWN.

The "blue cast" spring is not a recent discovery. The virtues of its waters have long been known to people of the vicinity and Mr. Schnelker himself some years ago tested its properties, achieving a cure of a case of erysipelas which afflicted him. Last fall a long entertained purpose to turn the waters to commercial account took form and the bottling plant was established and given a full equipment of modern machinery for that purpose. The growth of the business has been very rapid and while the demand in Fort Wayne largely consumes the product of the establishment, considerable water is nevertheless shipped to points distant.

Mr. Schnelker has, however, something besides water on his splendid farm. As fine a heard of Hereford cattle as can be found in the state, or any other state, is a sight worth seeing. He has some splendid specimen of horseflesh and with great pride displays a couple of promising colts of which Atlantic King is the sire. There is also a fine young orchard of 45 acres and embracing about 6,500 young trees, some bearing and all thrifty-looking and giving promise of being a first rate source of profit some day.

A few days ago Mr. and Mrs. Schnelker had as their guests for several hours a party of Fort Wayne people including several newspaper men. Among those in the company were County Commissioner Schnitker, of New Haven; Dr. W. W. Mungen, A. J. Moynihan, of the Journal-Gazette; Sam C. Moffat, of the Daily News and a member of the Sentinel staff. The long drive gave zest to appetites that Mrs. Schnelker had most generously prepared for and there were several different styles of exhibitions of what a city newspaper man can do to a country dinner when the strangle hold isn't barred. The day was delightfully spent and an inspection of Mr. Schnelker's fine farm and a brief study of its possibilities proved both interesting and enjoyable.

Shake Into Your Shoes

Allen's Foot-Ease, a powder. It cures painful, smarting, nervous feet and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous and hot, tired, aching feet. Try it today. Sold by all druggists and shoe stores. By mail for 25c in stamps. Trial package FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

THEY ALL DEMAND IT.

FORT WAYNE, LIKE EVERY CITY AND TOWN IN THE UNION, RECEIVES IT.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve but do not cure. Here is evidence to prove that Doan's Kidney Pills cure, and the cure is lasting.

Mr. S. E. Beck, of 104 Ewing street, says: "Ever after I had my foot cut off six years ago I had symptoms of kidney trouble. I don't know whether it was the shock of the accident or the effects of the operation, but which ever it was, I had kidney complaint, and try what I would, I could not get relief until I procured Doan's Kidney Pills at Meyer Bros. Co.'s drug store and began taking them. My back ached very bad at the time and I could hardly stoop. The first few doses of Doan's Kidney Pills did me a great deal of good, and in a short time the symptoms disappeared."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

GIRL IS SENT TO JUVENILE COURT

Carrie Ebert Acknowledges Theft of $2—Notes of the Police.

Carrie Ebert, 12 years old and a daughter of Mr. and Mrs. Adam Ebert, of Franklin avenue, was arraigned before Judge Dreibelbiss in police court this morning charged with the theft of $2 from Mrs. Elizabeth Liggett, a neighbor. The child was sent to Mrs. Liggett's home yesterday afternoon to borrow an ax and entered a bedroom, where she stole the money from the drawer of a dresser.

She tearfully told her story to the judge and acknowledged that she had been in trouble before. The greater part of the money was recovered and the principal aim of the prosecution is to take the child away from home surroundings that are not calculated to exercise a good influence over her.

About two months ago she was arrested for stealing a lot of trinkets and a small amount of money from the rooms of the waitresses at the Aveline house. Her mother sent her to the hotel with washing and as there was no reason to doubt her honesty she was given access to the rooms of the employes. The prosecuting witnesses declined to appear against the young culprit and she was released with a lecture and under a promise to reform.

Humane Officer Schlaudroff, in company with Patrolman Richardson, investigated the matter and found that the father is employed at the plant of the Horton Manufacturing company and his wife takes in washing to aid in the support of the family. The parents do not have time to properly care for their children and the girl is said to be rather the victim of environment than a thief. She was allowed to go in care of her father until her case is called in the juvenile court Saturday morning.

ROBINSON WAS ABSENT.

Frank Robinson, charged with riding a bicycle without a light, failed to appear when his case was called this morning. This made the second time he had failed and he will be arrested during the day and required to give bond for his appearance in court tomorrow.

GOOD NATURE EXHAUSTED.

"Butch" Skelton's good nature is exhausted. Tuesday he engaged in an argument with one Hedges in Bloomingdale and as a parting salute his adversary shied a brick that stopped long enough in its flight to remove a small portion of Skelton's scalp. This did not particularly annoy him and he made no complaint to the authorities and yesterday afternoon when some one in Ed Keever's Columbia street saloon removed another quarter section of scalp with a spittoon Skelton's ire was only temporarily aroused and he regarded the episode as one of the amenities of life and allowed it to pass without more than a casual warning that his thinking department had suffered enough damage for the present and the remark that if there were any more missiles that needed exercise he had as soon have his friends wait until the two wounds already inflicted had been given an opportunity to heal.

The act that finally caused Mr. Skelton to seek shelter under the protecting arm of the law came in the shape of a billiard cue applied to his head with such force as to shatter the cue and fracture his forbearance. He confided confidentially to Superintendent Gorsline that he had all that was coming to him and future attempts to indent his skull would in all probability be the means of making business for the coroner and an undertaker.

NOTES OF THE POLICE.

The bicycle captured by a policeman in front of Horace Marriotte's place of business on Main street and taken to police headquarters was yesterday identified by Mariotte as his property.

Patrolman Elliott found a horse and buggy on East Wayne street early this morning and took it to Martin's livery barn. It was found to be Martin's property and had been hired the evening before by a young man unknown to the proprietor.

GARBAGE CANS TO BE SOLD TO A DEALER

Dr. Macbeth Will Dispose of the Stock on His Hands—City Hall Notes.

City Health Commissioner Macbeth is today completing arrangements to place the stock of garbage cans he has stored in the basement of the city hall in the hands of one local dealer who will dispose of them at a small margin of profit. As they are disposed of they will be properly registered and a record made at the city hall so that in event they are lost or stolen it will be an easy matter to trace them.

An effort was made by Dr. Macbeth to have a meeting of the dealers at his office yesterday afternoon at 3 o'clock and of five who agreed to attend only E. B. White, of the Fruit House, and A. H. Staub were present. The object of the meeting was to arrange that each of the dealers take a pro rata number of the 350 cans on hand and dispcse of them in order that the competition might be destroyed that will exist as long as they are on sale by the city.

There will be no record made of the inferior makes of cans as they will in all probability last through only one season and it is not deemed worth while by the health authorities.

MAY APPOINT TONIGHT.

The waterworks trustees will hold another meeting tonight at which they will endeavor to dispose of the vexatious question of appointing a secretary. E. B. White stated today that the members had not made a selection and that the session will open tonight without a choice having been made or agreed upon. Capt. Allen Dougall, Fred Urbahns, W. S. Cutshall, J. K. McCracken and Clarence Smith all remain in the race and it is barely possible that another postponement will take place.

STOMACH DOSING WILL NOT CURE

Only Way to Cure Catarrh is by Breathing Hyomei.

Ask any physician if catarrh is a blood disease and he will tell you that it is a diseased condition of the mucous membrane and that it cannot be cured by blood purifiers, pills, tablets or other forms of stomach dosing. The only sensible and scientific way of curing catarrh is by the use of Hyomei.

Breathed for a few minutes, four or five times a day, through an inhaler that is so small that it can be carried in the vest pocket, Hyomei will absolutely destroy all catarrhal germs and destroy the disease. Catarrh can never exist where Hyomei is used. It has a two-fold action, destroying the disease germs in the air passages and lungs, and soothing and healing the inflamed mucous membrane.

For the last three months, Meyer Bros. Co., one of the most reliable firms in Ft. Wayne, have been giving their personal guarantee with every package of Hyomi they sold, that it would effect a cure or they would return the money. They have had scores of reports of remarkable cures of both acute and chronic cases of catarrh by Hyomei; but only two people have asked for the return of their money.

The leading people of Fort Wayne, ministers of the gospel, well known bank men, and prominent lawyers, are among those who have been cured by Hyomei. No other treatment has the endorsement of so many reputable people in all walks of life, as this scientific yet common sense cure for catarrh.

MUCH GRADING IS DONE.

Forty miles of the grading upon the roadway of the Fort Wayne, Van Wert and Lima Traction company is completed, extending from this city almost to Elida, Ohio.

CURES ECZEMA, ITCHING HUMORS, PIMPLES AND CARBUNCLES.—COSTS NOTHING TO TRY.

B. B. B. (Botanic Blood Balm) is a certain and sure cure for eczema, itching skin, humors, scabs, scales, watery blisters, pimples, aching bones joints, boils, carbuncles, prickling pain in the skin, old eating sores, ulcers, etc. Botanc Blood Balm cures the worst and most deep-seated cases by enriching, purifying and vitalizing the blood, thereby giving a healthy blood supply to the skin. Heals every sore and gives the rich glow of health to the skin. Builds up the broken-down body and makes the blood red and nourishing. Especially advised for chronic, old cases that doctors, patent medicines and hot springs fail to cure. Druggists, $1, with complete directions for home cure. To prove B. B. B. cures, samples sent free and prepaid by writing Blood Balm Co., Atlanta, Ga. Describe trouble and free medical advice sent in sealed letter. Sold in Fort Wayne by Ranke & Nussbaum, 828 Calhoun street.

WILL EXPLAIN DISCREPENCY.

New York, May 28.—Regarding the statement published in New York that there is a $3,000,000 discrepancy between the reports of General Leonard Wood and his secretary of finance of the total disbursements of the American military government in Cuba, it is stated on the highest authority, says the Tribunes Havana representative, that the discrepancy will be accounted for in the final settlement between the war department and Senor Quesada, Cuban minister at Washington.

DISASTROUS WRECKS.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from throat and lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds even the worst cases can be cured and hopeless resignation is no longer necessary. Mrs. Lois Cragg, of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by Dreier & Bro., druggists. Price 50c. and $1.00. Trial bottles free.

CITY BREVITIES.

Born, to Mr. and Mrs. Allen Blood, 625 Barr street—a daughter.

Born, to Mr. and Mrs. A. McKinley, northwest of the city—twin daughters.

Mrs. Will Turner, of Indianapolis, formerly Miss Alice Zollinger, will arrive tomorrow to be the guest of Miss Barrett.

Mrs. M. F. Porter has as her guest Mrs. McCune, of Petoskey, and will give an informal reception in her honor Friday afternoon.

Rev. and Mrs. Philip Bohn, who have been the guests of Mrs. Bohn's parents, Mr. and Mrs. Henry Pfeiffer, left yesterday for their home at Edgerton, Ohio.

A reception will be given this evening by the Christian Endeavor society of Plymouth church to all members of the church who have graduated from the city high school.

Miss Elizabeth Prill and Charles Broeting were united in marriage yesterday, the ceremony being performed at St. Paul's Lutheran church at 2:30 o'clock. Rev. Jacob Miller officiated.

WILL CURE CONSUMPTION.

A. A. Herren, of Finch, Ark., writes, "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Sold by Dreier & Bro.

Miss Jennie L. Arter and Otto H. Holmes were married at the home of the groom, in Maples, Ind., at 7 o'clock Tuesday evening by Rev. H. V. Sharp, pastor of the Maples M. P. church. They will reside in this city.

SOME PRETTY HOME WEDDINGS IN CITY

Travis-Hirons Nuptials Solemnized—The Bennett-Slagle Wedding.

At 8:30 o'clock this morning at the home of Mr. and Mrs. John Hirons, of 815 Columbia avenue, occurred the marriage of their daughter, Miss Frances, to Mr. Orrin W. Travis, of Laporte, Ind. The ceremony was performed by Rev. J. K. Walts, pastor of the First Methodist Episcopal church, in the presence of a small company of relatives and intimate friends. There were no attendants. The bride wore a becoming gown of blue broadcloth and entered the parlor with the groom as Miss Elizabeth Walts played a wedding march. After the ceremony a wedding breakfast was served by Seidel. The bride's table was decorated with sweet peas and smilax. Mr. and Mrs. Travis left this afternoon for northern Michigan and will be absent on their wedding trip about a week, and will be at home to friends next month in Laporte, where Mr. Travis is engaged in the manufacture of rustic furniture. Out of town guests at the wedding were Mrs. Wesley W. Travis, mother of the groom and Mr. and Mrs. Julius C. Travis, all of Laporte.

BENNETT—SLAGLE.

Miss Marie Slagle and Mr. Benjamin L. Bennett were married at noon Wednesday at the home of the bride's mother, on Oliver street, by Rev. J. W. Lake, pastor of Calvary U. B. church, in the presence of about seventy-five guests. The attendants were Miss Maud Slagle, Miss Agnes Bennigan, Harry Smith and Ed Wehmeyer. The bride looked charming in a gown of silk batiste and carried bride's roses. Her maids wore French mull and carried sweet peas and carnations. The Mendelssohn wedding march was played by Miss Edith Menefee. An elaborate wedding dinner was served and in the afternoon Mr. and Mrs. Bennett left over the Grand Rapids for the north on a wedding trip. They will be at home to friends after June 10 at 2122 Oliver street. Guests from out of the city were Mr. and Mrs. W. H. Bennett, parents of the groom, and Mrs. Kimes and son, Fred, all of Warsaw.

BOWER-FRAME.

A pretty home wedding occurred Wednesday at 11:30 o'clock at the home of Mr. and Mrs. H. J. Frame, of 2021 Hanna street, when their daughter, Miss Anna L. Frame became the bride of Homer Bower. The officiating clergyman was Rev. J. W. Lake, of Calvary U. B. church. The wedding guests numbered thirty-five and there were no attendants. A wedding dinner was served, and in the afternoon Mr. and Mrs. Bower went to Chicago on a short wedding trip. They will be at home to friends after June 1st at 709 Home avenue.

SHREVE—GERDES.

Miss Katherine Gerdes and Frank Shreve were united in marriage on Wednesday evening at 8 o'clock by Rev. J. Webster Bailey, pastor of Plymouth Congregational church, in his study. Mr. and Mrs. Shreve have begun housekeeping at 1001 West Third street. The groom is a photographer in the employ of L. M. Beck.

WHAT IS FOLEY'S KIDNEY CURE?

Answer: It is made from a prescription of a leading Chicago physician and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Sold by Dreier & Bro.

GIRL HEROINE DYING.

Marion, Ind., May 25.—Miss Jennie Creek, the heroine who saved a train carrying passengers to the world's fair at Chicago, is lying near death's door at her home at Converse, Ind. Her life, which once gave promise of unusual brightness, has been one of sadness and she has been in ill health for a number of months. She was a demure country girl when she used a red petticoat to flag a passenger train on the Pennsylvania road near Mill Grover, Ind., in 1893, preventing the fast flying train with its numerous passengers from piling into an open chasm, made so by the burning of a bridge. The little girl was praised and lauded for her heroic deed, and a party of Frenchmen aboard the train forwarded her a medal from a society of France.

FARMS BOUGHT, SOLD OR EXCHANGED

Machen was the man who demanded the most free and searching investigation of his part of the postoffice department. It is to be hoped he is happy now he has had it.

Now that it is all over it is fairly clear that Hanna was opposed to early endorsement of Roosevelt because Foraker was in favor of it. Meanwhile, the turning out of the tempestuous matter is not much of a victory for anybody but the president.

Quay is going to retire from office and from politics, but that does not necessarily mean retirement of Quayism. The people of Pennsylvania alone can bring that about and they seem to have little stomach for the job. Hope must center on Richard I., who is heir to the throne and scepter of Pennsylvania political bossism.

The disclosures made in connection with the arrest of Machen, superintendent of the free delivery system, will create much anxiety as to what other branches of the service have been infected by the graft microbe. It seems to be pretty well established that Machen had been receiving large sums from certain contractors who supplied the department with locking devices for mail boxes. Maybe when the thing is gone into far enough it will be found that graft is the ruling principle in the purchase of other sorts of postal supplies. Inventors of devices for use in the postal service have made many complaints that it is impossible to get fair consideration for their inventions. There may be nothing in those matters to argue graft, but Machen's arrest is enough to establish at least some probabilities. Other arrests are said to be on the house-cleaning program in the postoffice department and before it all is over there is some likelihood of important additions to the sum of general knowledge on the general system of graft as the game is played in high places.

The authorities of Breathett county, Kentucky, appear to be making sincere effort to prosecute Curtis Jett and other assassins who are guilty of recent murders growing out of traditional feuds. The authorities have set out upon the performance of a high public duty fraught with danger, but if they shall in the end succeed in sending a few of the county's red-handed feudists to the gallows or the penitentiary the results will be salutary. Nothing will go farther in wiping out that hateful institution known as the Kentucky feud than putting the penalty of murder upon murderers. The particular kind of homicide common in the region now so deeply agitated by the arrest and indictment of Jett and others is duelling and assassination, chiefly the latter. It is counted no cowardly or specially atrocious thing to shoot your enemy in the back, as Jett killed Marcum. The feudists seem to hold belief that the kind of murder which they do carries with it peculiar moral exemptions and special indulgences of the law. Strangely enough a large part of public sentiment upholds this view. Those who do not hold such opinion of the thing make no protest; in fact say nothing. Fear silences protest and rules the executors of the law. Now, however, some effort seems to be exerted to make feud murder common with other sorts. It is much to be hoped the effort will succeed.

NEW GUNS TESTED.

New York, May 28.—Tests were made yesterday at the Sandy Hook proving grounds of two pieces of ordnance which have been under consideration by United States army and naval boards for some time. The weapons tested were the McLean automatic one-pound gun, and the Luger automatic pistol. The McLean gun can fire 800 shots a minute, each pull of the trigger discharging 25 one-pound projectiles. After dark a test was made of big guns which discharged what appeared to be huge balls of fire. The army officers at Sandy Hook refused to furnish information regarding the night tests, but it is understood that experiments were being made with an illuminated shell intended for night use.

LOVING CUP FOR DE YOUNG.

San Francisco, May 28.—A pleasing sequel to President Roosevelt's visit to San Francisco was a banquet to M. H. De Young last night. He was the honored guest of the executive committee of the recent Roosevelt reception and was presented with a large silver loving cup. The motive of the presentation was told by the inscription, as follows: "A souvenir from the citizens' executive committee to the Hon. M. H. De Young in acknowledgment of his executive ability and the masterful and successful manner in which he handled the functions given in honor of the visit of President Roosevelt to San Francisco, May, 1903."

ACTRESS IS DIVORCED.

London, May 28.—Ellis Jeffreys, the actress, has been granted a divorce from Hon. F. G. Curzon on the ground of brutal treatment and misconduct. Curzon is a son of the late Lord Howe.

DOCTOR ON FOOD

Experimented on Himself.

A physician of Galion, O., says: "For the last few years I have been a sufferer from indigestion and although I have used various remedies and prepared foods with some benefit it was not until I tried Grape-Nuts that I was completely cured.

"As a food it is pleasant and agreeable, very nutritious and is digested and assimilated with very little effort on the part of the digestive organs. As a nerve food and restorer it has no equal and as such is especially adapted to students and other brain workers. It contains the elements necessary for the building of nerve tissue and by so doing maintains an equilibrium of waste and repair.

"It also enriches the blood by giving an increased number of red blood corpuscles and in this way strengthens all the organs, providing a vital fluid made more nearly perfect. I take great pleasure in recommending its use to my patients for I value it as a food and know it will benefit all who use it." Name furnished by Postum Co., Battle Creek, Mich.

CITY BREVITIES.

Mr. M. J. Blitz and children are visiting at Bluffton.

The Caledonian society will give a social and dance at its hall Friday evening.

Zion's Walther league orchestra will play at the church services at Zion church Sunday morning.

The Saturday Night Dancing club of young people will give a hop Friday evening in the Mulqueen dancing academy.

Commissioner T. J. Logan leaves this evening for Indianapolis. He is summoned as a witness before the United States court.

Rev. J. N. Field returned last evening from Buffalo, N. Y., where he was in attendance at the Baptist anniversaries.

Frank Manuel, who has been ill from pneumonia for several weeks, expects to leave soon for Colorado for an indefinite stay.

Miss Elgie Nelson, who has been attending school at Indianapolis, will return home tomorrow for the summer vacation. She is a daughter of Mr. and Mrs. S. L. Nelson.

Wade Thayer, who has been practicing law for several years at Honolulu, Hawaiian islands, arrived in the city last evening for a visit with his parents, Mr. and Mrs. L. E. Thayer. Mr. Thayer and his mother will shortly go east for a visit.

Bluffton Banner: Miss Edith Welsheimer, whose home is in Fort Wayne, arrived on the evening train yesterday to be present at the granite shower for Miss Nelore Robison. Miss Welsheimer will also visit here for a few days and attend the wedding.

Some papers on a desk in one of the International Business College offices on the fifth floor of the Elektron building became ignited in some manner last evening at 10:30 o'clock and when the blaze was discovered by Night Wireman Charles Martin, of the electric lighting company, part of the office furniture had been damaged.

Mrs. W. V. Douglass entertained informally Wednesday afternoon from 3 to 5 o'clock in honor of her niece, Miss Adele Biewend, of Boston. The decorations were of sweet syringia and pink and white peonies, and assisting the hostess were Miss Mossman, Miss Bessie Colerick, Miss Ethelwyn Taylor, Miss Ethel Mossman, Miss Susie Geake, Miss Saylor, Miss Brimmer and Miss Ruth Bailey.

Huntington Herald: A guest at the Christian Hendricks home, on Lafontaine street, is Mrs. Elizabeth Nelson, of Fort Wayne. The aged lady resided in Huntington fifty or sixty years ago and was well acquainted with Chief Lafontaine's family and other inhabitants of Huntington in an early day. Mrs. Nelson's husband has been dead twenty years. He will be remembered as having been a veteran of both the Mexican and civil wars. It is no doubt interesting to converse with Mrs. Nelson on early history in this vicinity.

THE X-RAYS.

Recent experiments, by practical tests and examination with the aid of the X-rays, established it as a fact that Catarrh of the Stomach is not a disease of itself, but that it results from repeated attacks of indigestion. "How Can I Cure My Indigestion?" Kodal Dyspepsia Cure is curing thousands. It will cure you of indigestion and dyspepsia, and prevent or cure Catarrh of the Stomach. Kodol digests what you eat—makes the stomach sweet. Sold by Meyer Bros. Co.

TOOK THE MONEY AND SAFE THAT HELD IT

Philippines Having Postal Scandals—Postmaster is Accused.

Washington, May 28.—The Philippines are having their postal scandals, as well as Washington. Two cases are reported by mail to the war department. One is that of former Postmaster Milne at Tacloban, Leyte, who is accused not only of taking $2,000 current coin of the United States, but even the 400-pound safe which is supposed to have contained the money.

When the robbery was first reported, Nov. 24 last, suspicion was directed by Milne to certain discharged soldiers engaged in business in Tacloban. Investigation proved their innocence and resulted in Milne's arrest.

TO IMPROVE CONSTABULARY.

Washington, May 28.—The war department is giving serious consideration to a proposition that has come through Colonel Edwards, chief of the bureau of insular affairs, from Gen. Henry T. Allen, chief of the Philippine constabulary, looking to the improvement of that service. General Allen believes that a fine career offers in the constabulary for graduates of the American military schools who have any special aptitude for military work. He believes that fifteen or twenty such young men annually could be placed in the constabulary as officers to the advantage of the service and of those selected. While at first the men appointed would not be as valuable as the highest grade of non-commissioned officers who already have had service in the Philippines, General Allen feels that in the long run they would be superior to the class of men who are now entering the service. The pay and emoluments are to be increased. At present the pay runs from $800 to $900 for a third lieutenant to $1,200 to $1,600 for a captain, besides which the allowances are ample for house rent and there are no hospital expenses.

Owing to the number of stations the percentage of officers in the constabulary is large. Their duties are much more responsible and varied than that of corresponding grades in the regular service. Heretofore the department has pursued the plan of allowing the Philippine government to select all its constabulary officers, preference being given to discharged soldiers who have picked up a knowledge of Spanish and Tagalog and have become acquainted with the country through their military service. It is not intended to depart from this policy to any considerable degree but it is probable that General Allen's suggestion will be accepted as a means of elevating the personnel of the constabulary.

NOT A SICK DAY SINCE.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c. at Dreier & Bro., druggists.

LADY SOMERSET RETIRES.

London, May 28.—Lady Henry Somerset has retired from the presidency of the National British Women's Temperance association on account of her health.

REMOVES TO LOGANSPORT.

W. E. Jenkinson, who for the past twelve years has had charge of the office of the Jenney Electric Light and Power company, under Manager Guild, has resigned his position and will shortly leave for Logansport. Mr. Jenkinson is the inventor of a loose-leaf ledger device and a new system for keeping the accounts of electric lights, gas, waterworks and building loan companies. These patents he has leased to the Wilson-Humphreys company, who will manufacture the goods, and Mr. Jenkinson is to have charge of this department of the big factory. He is well known and very popular and a young business man of marked ability. When his resignation from the electric lighting company became known two or three other offers of places in the city were made to him at a considerable advance of salary, but he has determined to devote his future efforts to pushing his inventions, which are destined to be very successful. Mr. and Mrs. Jenkinson are also very popular socially. His family will remain in Fort Wayne about two months and before taking up their residence in Logansport Mrs. Jenkinson will make an extended visit in the east. They expect to be permanently located in

Bon Ami

Cleans windows and mirrors without muss, dust or slops.

FROM A CAT SCRATCH

On the arm, to the worst sort of a burn, sore or boil, DeWitt's Witch Hazel Salve is a quick cure. In buying Witch Hazel Salve, be particular to get DeWitt's—this is the salve that heals without leaving a scar. A specific for blind, bleeding, itching and protruding piles. Sold by Meyer Bros. Co.

IMPEACHMENT REJECTMENT.

Tokio, May 28.—An opposition address to the throne impeaching the ministry has been rejected in the lower house by 223 votes to 123. The leader of the opposition presented a series of questions to the government calling attention to the dangerous situation in Korea and Manchuria and complaining that the government had failed to utilize the Japanese alliance with Great Britain to secure the integrity of China and Korea.

MEMORIAL DAY RATES.

One fare for round trip within a radius of 150 miles by way of the Nickel Plate Road. Tickets on sale May 29th and 30th, good returning June 1st, '03. See nearest agent or address C. A. Asterlin, T. P. A., Fort Wayne, Ind. Tu-Th&w-May30

CASE WILL COME HERE.

Postoffice Inspector A. R. Burr has been advised that the case of Lawrence Van Buskirk, of Angola, charged with riding the mails, will be tried in Fort Wayne at the coming session of the federal court.

A LESSON IN HEALTH.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. Sold by Dreier & Bro.

IMPORTANT DISCOVERY.

Cambridge, Mass., May 28.—A telegram has been received at the Harvard college observatory from Prof. Percival Lowell, at Flagstaff, Ariz., stating that a large projection on Mars was found by Slipper, May 26, at 15 h., 35 m., Greenwich, meantime. The position angle was 200 degrees and the projection lasted thirty-five minutes.

A REVELATION.

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. Sold by Dreier & Bro.

CARD OF THANKS.

We desire in this manner to express our deep and heartfelt thanks to friends and neighbors, and especially to the Wabash shopmen, for their generous assistance and sympathy during the illness and death of our beloved husband and father, Henry Rehling.

Mr. Smyser is a son of Mr. and Mrs. P. D. Smyser, of this city, and has been making marked advancement in the legal profession.

FLAGS AND FLOWERS FOR HEROES' GRAVES

Committees Named to Place Offerings Upon Tombs of the Silent Victors.

Saturday is Decoration day and in the cemeteries in and about Fort Wayne surviving veterans will place upon the tombs of their fallen comrades the tribute of flags and flowers.

The committee fears that owing to the lateness of the season there may be a scarcity of flowers, and citizens who can spare them are requested to deliver the flowers at the Elektron building as early as possible on Friday morning. The school children, also, have been invited to furnish all the flowers possible and these will be collected from the several school buildings tomorrow morning. The committees who have in charge the work of decorating the graves will meet at the Elektron building Saturday morning at 7 o'clock, sharp, and proceed from thence to the various cemeteries.

THE DETAILS.

The detail made for decorating committees for the several cemeteries is as follows:

For Lindenwood cemetery—Wm. Kinnerk, John Hess, William Donald, Z. P. Garrett, Jasper Edsall, John Jones, John Kress, Paul Hanley, Zachariah Herring, J. Ryan, John Merlett, Geo. Eckelburg, Allan H. Dougall, A. T. Lukens, Crawford Griswold, W. E. Wood, J. E. Corlett, Geo. W. Aldrich, F. W. Keil, Claude C. Miller, Dr. B. Gard, J. W. Vordermark, Daniel Hickman, Philip Titus, Edward B. Fairfield, Joseph Crawford, Theo. Titus, Adam Perry, Dr. J. J. Ogle, J. V. Hiler, A. R. Walter, W. A. Mannon, Oliver Blystone, E. S. Johns, D. C. Sutten, Conrad Bricker, Joseph Schrack, B. W. Skelton, Enos H. White, E. B. Smith, Chas. Behn, A. W. Kintz, Chas. Ehrman, H. C. McMacken, D. L. Beaber, Abel Baldwin, Cornelius Gearin, Henry Hart, H. C. Zollinger, Wm. Benedict, John Lonergan, J. H. Rohan, J. C. Jackson.

For St. John's and Prairie Grove cemeteries—Theo. Geller, William Engle, Geo. Brauer, Christian Kinzel, Frank Potter, Charles Felts.

For Catholic cemetery—Patrick Ryan, Dennis Monahan, Thomas Toomey.

For Concordia cemetery—Capt. Chas. Reese and Col. H. C. Zollinger.

MAYOR'S PROCLAMATION.

To the Public: Saturday, May 30, will be observed as Memorial Day. Merchants and business men in general are respectfully requested to close their respective places of business from 2 to 3 p. m. on that day.

Henry C. Berghoff,
Mayor.

Harry Law's big dime vauderville circus, corner Calhoun and Montgomery streets, every night and Saturday matinee.

FORT WAYNE AND MUSIC.

Editor of the Sentinal: Apropos of the third biennial convention of National Federation of Musical clubs held at Rochester, N. Y., last week, and the big success scored by Mrs. Theodore Ruhland of our city, to whom public and press gave first honors and rank as pianist among the representatives of musical clubs from all over the United States, we wonder to what extent music loving people of Fort Wayne appreciate the fact that they are exceptionally fortunate in the musical talent as represented in the two music societies of the city, the Morning Musical and the Nocturne society.

For many years the Morning Musical has stood alone in its efforts to cultivate and advance among our people the noblest of all arts. It has often been a discouraging task and much credit belongs to the officers of that society, especially Mrs. Clark Fairbanks, president and Mrs. Theodore Ruhland, chairman of the program committee, for the pronounced success of the Morning Musical during the season just closed.

A few months ago the Nocturne society was organized. The work done by the active members of this society has been of so high and excellent a standard that the fact should not go unnoticed, lest we want to make it true that "a prophet is not without honor save in his own country and in his own house."

Now what we want to emphasize is this: Without appreciation and support the best of work cannot succeed. We have the talent within the limits of our city to make this the music center of our state. Will we do it? Such things are not done in a day, nor a week, nor even one year, but if all those, that claim a love for music, will give real support and appreciation rather than indifference, whenever opportunity offers itself, as it does in all the concerts open to the public, we will be able to hold what we now have and make it grow on to still greater things to our delight and for our enoblement.

Home Pride.

Foley's Honey and Tar is peculiarly adapted for asthma, bronchitis and hoarseness. Sold by Dreier & Bro.

BAR-BEN

Is without any doubt the Greatest NERVE TONIC and BLOOD PURIFIER ever discovered.

It stops forever all weakening drains, feeds the brain, replaces waste tissues and sends rich, flesh-building blood bounding to every part of the system, making every organ act and causing you to glow and tingle with new found strength. You are a new man and you can feel it.

BAR-BEN cures quickly and surely nervous debility, atrophy, loss of memory, varicocele, sleeplessness, dyspepsia and kidney disease.

BAR-BEN is as helpful to weak women as to weak men.

All druggists, 50 cents, or mailed on receipt of price.

Write for free sample.

BAR-BEN Remedies Co., Cleveland, Ohio.

For sale by Ranke & Nussbaum, H. F. Beverforden, C. H. Albersmeyer.

SECOND DAY OF THE GUN TOURNAMENT

Good Sized Crowd at the Trautman Range Today—Wednesday's Results.

The crowd in attendance at the Corner Rod and Gun club shoot at the Trautman range today was larger than that of yesterday on account of the fine weather, and included quite a large number of visiting marksmen from Huntington, Wabash, Peru and other neighboring cities. Today's program was the same as that of Wednesday, consisting of five events in the morning and five in the afternoon.

On Friday there will be a merchandise shoot and the program will consist of six events. Thirty-three prizes, donated by Fort Wayne merchants, will be given, and as there are from ten to fifty entries in each event the contests promise to be very interesting.

The scores of Thursday's shoot were as follows:

—Morning.—

MANY CHILDREN DROWNED.

Posen, Prussia, May 28.—The Posener Tageblatt publishes a report that a ferryboat having on board forty-five children capsized on the river Warthe, near Dembro. The ferryman and many of the children, the paper says, were drowned. An investigation of the report shows that a ferryman and eleven children were drowned as a result of the capsizing of a ferryboat on the river Warthe, near Dembro.

KAISER MUCH GRATIFIED.

Berlin, May 28.—The German foreign office has been informed officially that the United States European squadron will arrive at Kiel June 25. Chancellor Von Buelow was much gratified and said Emperor William would be much pleased. The foreign office and the navy department, owing to the press telegrams, had been expecting for some time to hear that the squadron had been directed to visit Kiel. It is intended to make its reception impressive. The emperor, Prince Henry and Count Von Buelow will take part in the entertainment of the American officers. The Imperial Yacht club has already set apart $10,000 for the week's expenses, which will be largely spent on a dinner at the end of the yacht racing. Ambassadors Tower and Meyer will participate in the reception to the American squadron at Kiel.

THE OLD RELIABLE
ROYAL
BAKING POWDER
Absolutely Pure
THERE IS NO SUBSTITUTE

CITY BREVITIES.

Mrs. G. F. Trier will give her closing reception this evening in the Mulqueen academy.

David McNaughton will return from Chicago tomorrow to spend a few days with his parents.

Rev. Asher S. Preston went to Columbia City today and this evening will lecture on Wendell Phillips.

Mrs. C. L. Olds and guest, Miss Edith McLachlan, of Sault Ste Marie, have gone to Huntington for a brief visit.

The young people of Emmaus Lutheran church will give an entertainment at Emmanuel school hall this evening.

The younger pupils of Miss Philley will give a recital in the Y. W. C. A. gymnasium June 5th for the benefit of the S. G. club.

The Phi Alpha Psi fraternity of the high school will give a dance at Robinson park Friday evening. The Stopher-Young orchestra will play.

Rev. E. G. Hamley will preach tonight at the Home Mission, East Columbia street. His theme will be: "Elijah, a Man of Like Passions as We."

D. F. Bash returned last evening from Buffalo, where he attended the monthly meeting of the steel casting manufacturers of the country. At the conclusion of the business sessions the party held a picnic at Niagara Falls. Mr. Bash says nearly all the factories reported that they had on hand ample orders for the last half of 1903. He represented the National Steel Casting company, of Montpelier, at the meeting.

Reduction of 30 per cent. on all Millinery Friday and Saturday at Mrs. J. C. Hesslin's Millinery Store, 1008 Calhoun St. 28-2t

Read People's Store ad, page 9.

DESPERATE MEN AT LARGE.

San Francisco, May 28.—Capt. J. K. Wiggins, formerly of the Forty-fourth volunteer infantry in the Philippines, has arrived here on the Cosmos liner Menes from Patagonia, where he has been gold mining for a year. He says that the Argentine republic had a penal colony made up of life-termers from the military and civil courts located on Staten island. A short time ago, while moving the prison to Ushuaiah, fifty of the prisoners escaped, secured arms and ammunition and have since been terrorizing the residents. Murders have been of daily occurrence and the situation became so serious that the government issued orders that the desperadoes were to be shot on sight. The day before he took the steamer at Punta Arenas the chief of police was killed. The govrnment has also offered a reward of one pound sterling for every head of an Onaha, a savage tribe in the interior that are unsubdued.

PETITIONED THE MAYOR.

The Fort Wayne Federation of Labor has passed a resolution petitioning Mayor Berghoff to make a request to the business houses of the city to close at noon on Saturday—Decoration day.

COUNTY BOARD MEETS.

The county board of the Ancient Order of Hibernians will hold a special meeting this evening to begin preparations for the annual celebration of Irish day in August. A number of other matters are also to come up for discussion.

PLAY MIXED FOURSOME.

There will be a mixed foursome played Saturday afternoon at the golf links. Lady members who will take part are requested to send their names to Ben Woodworth not later than Friday evening.

OLD CASE STRICKEN OFF.

(Auburn Courier.)

There has been a good deal of preliminary business done in court, and a number of old-time cases knocked out. Among these is the case of Frank Gaskill vs. Keller. This has been in court here for several years having come from Fort Wayne on a change of venue. Dr. Keller was engaged in manufacturing surgical and dental instruments and a young man named Gaskill was working for him. The machine where Gaskill worked was not in first-class order and the boy was warned as to the care needed in the management. But he went on in the old way and had an arm caught and injured. After a while he concluded to sue for damages. After several trials he was given $1,200. But we believe it went to the supreme court and came back. In the meantime Dr. Keller failed and all the property left is in his wife's name, Mrs. Anna S. Keller. Keller and wife are separated. When the case came up Tuesday and the true conditions considered it was ordered left off the docket.

LOCAL NEWS.

C. W. Merrill, of Goshen, is at the New Aveline.

Hon. S. S. Shutt, of Spencerville, is in the city.

W. H. McIntyre, of Auburn, is in the city on business.

Mrs. W. P. Bartley has left for visits in Indianapolis and Green Castle.

Miss Erba Neff, of Warsaw, is visiting her aunt, Mrs. O. G. Hutchinson of West Main street.

The city crematory will receive no garbage on Saturday owing to the fact that the day is a national holiday.

Harry Boseker is arranging to embark in the restaurant business on West Berry street, occupying the room recently vacated by J. W. Pearse's Victoria cafe.

Dr. A. S. Parker, editor of the Kendallville News, is in the city today in the interest of the meeting of the Northern Indiana Editorial association, which is to meet at Kendallville in June.

The Misses Louise Ringle and Lulu Miller went to Auburn today to attend the graduation exercises of the Auburn high school which take place this evening. Miss Julia Miller, a sister of the lateer, is to be graduated.

Miss Lulu Miller, of 428 Old Fort Place, very delightfully entertained the members of the Gibson club a few evenings ago. Prizes were won by Miss Florence Gates and Miss Josephine Herber. Dainty refreshments were served after the games.

Mrs. John Meyer, of Kendallville, Tenn., is in the city on a visit and is the guest this week of Fred Meyer and family, 1406 East Lewis street. Mrs. Meyer will be in the city about four weeks.

Mrs. Costa Shelton entertained a crowd of little folks and their mammas, Wednesday afternoon, in honor of the second birthday anniversary of her little son Ralph. Master Ralph and Mrs. Shelton were assisted in entertaining by the little hosts great grandmother, Mrs. Maurice Cody.

The birthday anniversary of the Irish poet, Thomas Moore, will be celebrated by the ladies of Auxiliary No. 1, A. O. H., this evening, with an appropriate program. The other societies of the order will be guests at the entertainment.

Try The Sentinel Want Column.

Le Moyne's Career

Boston's Athletic Star Will Greatly Strengthen Harvard.

Now that Harry Le Moyne, the famous all around athlete of Boston, has decided to enter Harvard university, the athletes at Cambridge are filled with delight, for undoubtedly Le Moyne will be an exceedingly valuable acquisition. He is known throughout the country by reason of his sensational swimming exploits, and he also excels in other lines of sport.

Le Moyne is the best athlete ever developed in the Boston schools. His forte is not confined to one branch of athletics. He can play football, punting on an average more than fifty-five yards; he can smash a rush line with his splendidly proportioned physique, while in tackling he is a demon. As a ball player he has figured both in the outfield and infield and particularly with the stick. As a jumper he can clear twenty-one feet with ease, while the bar is topped at 5 feet 7 inches without much trouble.

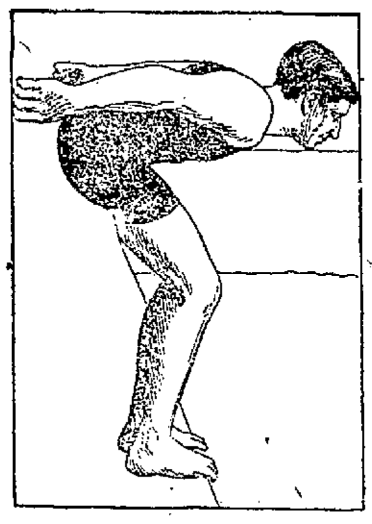
HARRY LE MOYNE, BOSTON'S ALL AROUND ATHLETE.

But it is in the shot put and swimming that Le Moyne is best known, for in the former he has put the sixteen pound ball 47 feet 6 inches, or six inches below the world's record, in private trials, which is the greatest put made by any amateur in this country since John Mitchell established his record fully ten years ago.

Other big colleges have been begging him to identify himself with them next fall, but he has made up his mind to pursue his collegiate course at the Harvard Scientific school. Le Moyne will easily make the varsity eleven, where his presence is sorely needed. He will be a tower of strength to the track team, both in the shot put and hammer throw, for in the latter he can hurl the ball 150 feet now, and Trainer Graham anticipates 170 or more feet next summer. The crew would be an easy organization for the champion, as he has had lots of experience both in the eight oared and single shells. Baseball would take another big boom with this heavy hitter wearing the crimson, while the swimming and water polo teams can bank on one of the best aquatic artists ever seen in this country.

Le Moyne is only a boy, being a trifle over nineteen years old. He is without doubt a swimmer in a class by himself. He was first heard of as a swimmer three years ago. He began to smash records without delay. The art of swimming was acquired when the champion was six years of age.

He became prominent as a football player in interscholastic circles three years ago, when he played guard on the strong Brookline (Mass.) High school eleven. Last fall he put up a remarkable game for a preparatory school behind the line, where his punting was invaluable.



LE MOYNE DIVING.

Last spring he rowed on a preparatory school championship crew and was admitted to be one of the most powerful boys in the boat. When in the Brookline High school Le Moyne was a fair performer at the weights.

STORM'S WRATH FELT IN INDIANA

Northeastern Section of the State Suffers and Lives Reported Lost

MAN KILLED AT AUBURN

Storm Severe in Gas Belt and in Counties North of Fort Wayne.

Immense damage to crops, destruction of property and loss of life is the result of the terrific storm which swept over the northeastern portion of the state yesterday, passing over this city shortly after noon. The damage in Fort Wayne was not extensive as the most violent part of the storm passed over to the west of the city in a northeast direction. Heavy hail is reported from Whitley, northeastern Allen and DeKalb counties, causing extensive damage to young grain and vegetables, and hail stones as large as hen's eggs fell at Ossian, and other towns south and west.

The tornado was most violent apparently along the line that divides Steuben and DeKalb counties, where trees, barns and fences were leveled, and the crops badly damaged. Telephone connection with many of the towns was cut off.

The path of the tornado was narrow, and after traversing the northeastern counties of the state the course changed to the east and with gathering violence the storm swept over the northern part of Ohio, where the damage was more extensive than in this state. The damage along the Wabash and Nickel Plate roads was very heavy, and the telegraph service suffered extensively. A telegraph tower at Napoleon, O., was struck and burned to the ground, and the service at Bellevue, O., on the Nickel Plate was put out of business altogether.

Other portions of Indiana were storm swept, but the damage was not as extensive as in the gas belt. The following casualties were reported:

Ira Dixon, section hand on Chicago branch of Wabash, killed at Auburn by a falling tree.

Langford Stephenson, farmer, living near Logansport, killed by lightning.

Willie Black, of Converse, killed while fishing.

W. S. Gray, chemist, killed at Alexandia by falling smokestack.

Mrs. Ethel Henderson, wife of a farmer living near Windfall, struck by lightning, and will probably die.

At Kokomo, six factories were partly wrecked and many buildings were blown from their foundations.

THE STORM AT KOKOMO.

Kokomo, Ind., May 28.—A destructive windstorm passed through this city yesterday afternoon, rising in places to hurricane caliber. Factories suffered much damage. Plants damaged from $1,000 to $5,000 are the Ford & Donnelly Steel company, the Kokomo fence machine works. Hundreds of big trees were broken off, scores of dwelling houses were blown from their foundations and several destroyed. Houses partly built were destroyed. Much damage was done in the country to growing crops, buildings and fences. Hail accompanied the wind. It is thought the loss in this city and county will be $100,000.

As a Lake Erie passenger train was coming into town the engine cab was blown off, the engineer and fireman remaining at their posts in a driving rain, hail and wind.

CRUSHED BY FALLING DERRICK.

Montpelier, Ind., May 28.—Late last evening reports were brought to town by rural route carriers that fierce windstorms prevailed in all parts of this and Wells counties early yesterday afternoon. The wind here was bad, but little damage was done. Just south of town an oil derrick was blown over and crushed William Erwin. He is at the point of death. Several barns were torn down and roofs carried from several country houses. Many oil derricks were leveled. The damage is large, but exact loss cannot yet be ascertained.

MUCH DAMAGE DONE.

Decatur, Ind., May 28.—The severe rain and windstorms of Tuesday and yesterday did much damage in the Adams county oil field, the principal loss being in the destruction of derricks. In the Geneva field the loss is estimated at $7,000. On one lease a block from the hoisting tackle fell from the top of the derrick into a wagon loaded with nitro-glycerine, which had just driven up to supply the material for a shot, but the load did not explode.

TRAVELING IS DANGEROUS.

Constant motion jars the kidneys, which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Sold by Dreier & Bro.

IN NORTHERN INDIANA.

Albion lodge, No. 97, A. F. and A. M., has just celebrated its fiftieth anniversary.

Daniel Widmer, long a prominent citizen of Garrett, died suddenly Tuesday from paralysis.

Israel Stoneburner, for fifty years a resident of Adams county, is dead at Decatur, aged 77 years.

Rev. S. S. Albert, of Elkhart, has been appointed to the pastorate of the Evangelical church at Decatur.

Rev. A. J. Douglass, a well known Lutheran minister, is critically ill from paralysis at his home in Columbia City.

Charles Bartels, Sr., 89 years old and a pioneer resident of DeKalb county, is dead at his home near Garrett. He located there in 1854.

John H. Miller, a Peru cattle breeder, will establish an agency of his business at Buenos Ayres, South America. Mr. Miller's son will be in charge.

Daniel Myers, Harvey Cover and Edward Schneider, of Peru, fell eighteen feet by the breaking of a scaffold upon which they were at work. Myers and Cover sustained internal injuries.

While storing hay in his barn, S. H. Adams, a Portland business man, was caught by the fork as the horses started and thrown twelve feet in the air. He alighted on his head and was seriously hurt.

State Senator Joseph C. Gochenour, who founded the state bank at North Manchester, has resigned as cashier, sold his holdings to his associates and will return to his old home at Roann. The move is made necessary by ill-health.

Truman Beam, under indictment at Valparaiso for the murder of Martha Lawrence, who was found choked to death at his father's home some time ago, has entered a plea of not guilty. The trial will not occur until September.

Ora Beerbower, a 7-year-old lad at Liberty Center, Wells county, was attacked by a cow Wednesday and almost killed. His right ear was torn nearly off, his right hand painfully cut, his face disfigured and there were some internal injuries.

The case against Editor Williamson, of the Columbia City Mail, who was charged with having altered the dates in an affidavit he had made, was dismissed by the prosecutor in court at Wabash, where the action was taken on a change of venue.

Hon. Eli B. Gerber, of Ligonier, former democratic representative from Noble county in the legislature, who is about sixty-five years old, gave a spirited chase to a burglar who attempted to rob his home. The pursuit continued for several blocks, the burglar displaying a revolver and threatening to shoot. Mr. Gerber called several citizens to his aid, and a burly blacksmith knocked the fellow down. He was taken to jail at Albion.

PENINSULAR RANGES THE BEST

The Peninsular Steel Range company has the largest Steel Range plant in the world. Experts universally declare it to be the best Range known to the trade. A twenty year guarantee bond goes with every one sold. They can be had in Fort Wayne only of us. Five dollars down and $5 a month, or five per cent. off for all cash at time of purchase.

WE ARE UNDERSELLING EVERYBODY ON LACE CURTAINS.

You do not have to pay for Trading Stamps when you buy of us. We do not inflict the Trading Stamp nuisance on our customers. We give them something that is worth just five times what Trading Stamps are worth; we give them five per cent. discount as a premium for all cash at time of purchase, and this five per cent. comes off from our lowest cash prices.

WE ARE UNDERSELLING EVERYBODY ON LACE CURTAINS.

INSTALL NEW OFFICERS.

Henry W. Lawton Camp No. 8, Spanish-American War Veterans, installed officers last evening, Past Commander John C. Jackson acting as installing officers. Following are the officers: Commander, R. M. Snyder; senior vice commander, J. A. Larimore; junior vice commander, W. D. Stradley; adjutant, H. C. Moriarty; quartermaster, G. W. Zollinger; chaplain, W. A. Carmer; officer of the day R. E. Green; officer of the guard, Herman Furthmiller.

The camp invites all who served in the army or navy during the Spanish war, to meet in Saengerbund hall by 1 o'clock Saturday and march to the cemetery.

A LITTLE EARLY RISER

Now and then, at bedtime, will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Meyer Bros. Co.

MR. JOHNSON'S ADDRESS.

(South Bend Tribune.)

The address of Alexander Johnson, superintendent of the state school for feeble minded youth in Fort Wayne, Ind., before the Children's Aid society Tuesday afternoon was a very intelligent presentation and discussion of a most important subject. Mr. Johnson is not an orator, but a delightful conversational talker of the common-sense type, and his talk indicated a clear conception of the vital points in the care of orphan children.

Mr. Johnson's views are the result of years of experience and he presented them in a clear manner, showing comprehensive understanding of a subject that is of much consequence to the future of the country. He explained old methods of caring for orphan children and expressed the belief that modern methods are far better in every way. The address was of a character to give the society renewed vigor and deeper interest in its work.

A CLEANLY AGE.

Twentieth Century Ideas Incline Toward Sanitation and Preventatives.

Nowadays scientists believe that in cleanliness lies the secret of prevention of diseases.

To prevent a disease, remove the cause.

Just as unclean habits breed many diseases, so careless habits will breed dandruff. Improper use of another's brushes, combs, etc., will surely cause dandruff and, in time, will just as surely cause baldness.

It's microbic infection, nothing more nor less.

Newbro's Herpicide kills the dandruff germ, and causes hair to grow luxuriantly. Herpicide is absolutely free from grease or other injurious substances.

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Pellens & Polster, special agents."

REMOVES TO ILLINOIS.

A. S. Roberts, who since August last has been stationed in Fort Wayne as the district representative of the Inter-State Insurance company, has resigned his position to accept a situation with the Hallwood Cash Register company. He will have central Illinois as his territory, and will remove there within the next few weeks. Mr. and Mrs. Roberts have been living on Washington boulevard, and until the husband is thoroughly settled in his new territory Mrs. Roberts will visit friends at Indianapolis. Mr. Roberts is a former newspaper man, and was for some years managing editor of the Logansport Journal, just prior to embarking in the insurance business.

COAL MEN SUBMIT BIDS.

Coal dealers have submitted to the school board bids for supplying 215 tons of hard coal and 875 tons of soft coal needed for the city school buildings next year. The bids, which have been taken under advisement, were as follows:

Hard coal—G. H. Krudop, $7.45 per ton; Fort Wayne Coal Co., $7.65 per ton; W. M. Wells, $7.70 per ton; P. Quicksell, $7.60 per ton; Wm. Kaough Coal Co., $7.20 per ton; Swanks' Cool and Wood Co., $7.25 per ton; J. M. Moderwell, $7.75 per ton.

Hocking soft coal—G. H. Krudop, $4.89 per ton; Fort Wayne Coal Co., $4.95 per ton; W. M. Wells, $5.03 per ton; P. Quicksell, $5.00 per ton; Wm. Kaough Coal Co., $4.14¼ ton lump, $3.95 steam lump, $3.85 run mine; Swanks' Coal and Wood Co., $4.10 per ton Ohio domestic lump, $3.95 per ton Shaunee Hocking lump; J. M. Moderwell, $5.10 per ton Shaunee Hocking lump.

Bids were also received for finishing hardware for the high school building as follows: H. Pfeiffer & Son, $1,247.54; J. M. Stouder & Co., $1,045.00; Seavey Hardware Co., $978.00; C. C. Schlatter & Co., $668.87; F. M. Smith & Co., $595.00.

Pain

In My Heart I Could Not Lie Down.

Was On The Verge Of Insanity.

Choking Sensations I Was Afraid to Sleep.

"For years I was troubled with pain around the heart, fluttering and choking sensations--part of the time could not lie down. In short I was a nervous wreck; such violent jerkings of the arms and limbs; nervous prostration--in fact was on the verge of insanity--was afraid to sleep for fear I would never awaken. I saw a testimonial in our paper from a man similarly afflicted, and an account of the help he derived from the use of Dr. Miles' remedies. By the persistent use of the Heart Cure, Nervine, and Pain Pills I soon felt like a new woman. I am never without these remedies now. In writing the above I feel that the half has not been told. No one who has not been through it knows or can know what 'on the verge of insanity' means. Your remedies were surely a god-send to me. There is scarcely a week but what I recommend them and in nearly every case induce someone to try your remedies, and the results are so satisfactory that they continue to take them. One recent instance I recall. I was in Laurence and called to see a friend who was very sick with muscular rheumatism. She was nearly crazed with pain and had given the money to my mother to get her some morphine to quiet the pain. I told her what your Pain Pills had done for me and finally persuaded her to send for them. She had only to take two of the Dr. Miles' Anti-Pain Pills and she was free from pain."—Mrs. Arthur Osborn, Decatur, Mich.

OFFICIAL COUNCIL PROCEEDINGS.

The common council of the city of Fort Wayne met in the council chamber Tuesday evening, May 26th, A. D. 1903, in regular session. His honor, Mayor H. C. Berghoff, in the chair, and A. M. Schmidt, clerk, at the desk, and present the following members, 20, viz:

Baker, Brosius, Bursley, Crouse, Grund, Hall, Hauss, Kinder, Meyer, O'Ryan, Pearse, Pfeiffer Polster, Rieman, Scheimann, Sthair, Strawn, Wiebke, Woodworth, Wyss.

Absent, none.

The minutes of the last regular session having been delivered to the councilmen, were, on motion, approved as published.

COMMUNICATION FROM COMPTROLLER.

Fort Wayne, Ind., May 26, 1903.

To the Honorable Mayor and Common Council,

Gentlemen: I hereby approve of the appropriation of $1,500.00 asked for by the health commissioner for prevention of contagious diseases.

Yours very respectfully,
JOSEPH V. FOX,
Comptroller.

Referred to committees on finance and health.

COMMUNICATION FROM BOARD OF PUBLIC WORKS.

To the Mayor and Common Council.

Gentlemen: The board of public works herewith submits to you a contract entered into by it with the Fort Wayne Gas company.

The board of works made the best contract that it could; that it contended for lower prices and likewise a guaranteed pressure, but was met with a statement that it was the best that the company would make or could make under any circumstances. Therefore the board submits it for your consideration. It likewise submits a contract with the Fort Wayne Traction company.

Respectfully yours,
PETER EGGEMANN,
WILLIAM DOEHRMANN,
HENRY C. ZOLLINGER,
Board of Public Works.

Received and filed

COMMUNICATION FROM HEALTH COMMISSIONER.

Fort Wayne, Ind., May 26, 1903.

Joseph V. Fox, Comptroller.

Dear Sir: In view of the fact that we have had fourteen cases of smallpox since April 1st, the funds for the prevention of contagious disease is exhausted.

I would therefore respectfully ask that an appropriation of $1,500.00 (fifteen hundred dollars) be made.

Yours very respectfully,
A. H. MACBETH,
Health Commissioner.

Referred to committees on finance and health.

COMMUNICATION FROM BOARD OF PUBLIC SAFETY.

To the Mayor and Common Council:

Gentlemen: The board of public safety herewith submits to you a petition filed with it by the members of the fire department of the city. The board made an estimate of the increase, if allowed, and finds that it will amount to $4,200.00 per year. The appropriation for the year has been made, and if the increase is allowed, one-half of the above amount would have to be made at once, to provide for the increased salaries for the balance of this year. The board, not being advised as to the condition of the finances, thought it best to refer the matter to the common council, for the reason that it will have to make the appropriation if petition is granted, and would likewise be required to provide the payment of same by levy in future.

Therefore, the board submits the petition to you for your consideration.

Respectfully yours,
CHARLES H. BUCK,
L. C. KASTEN,
GEO. W. WILSON.

To the Honorable Mayor and Common Council of the City of Fort Wayne, and Board of Public Safety:

Your petitioners, who constitute the fire department of the city of Fort Wayne, excepting the chief of the department, represent that at the first meeting in June, 1900, of the common council of the city of Fort Wayne, the salaries of the members of the department were fixed, and ever since said time said salaries, as then fixed, have continued until now, and still exist; that since that time, by reason of the additional expenses of living and other causes, the salaries then fixed, and now existing, are inadequate and should be increased, as they have been in other cities as well as in other departments of this city; that we believe the salaries of the members of the fire department should be increased by giving to the captains of the department and the city electrician an advance of ten dollars per month on their present salaries, and all other members of the department an increase of five dollars per month on their present salaries, excepting the chief of the department, whose salary was, after that time, increased.

Wherefore they pray that their salaries may be increased as above stated.

JOHN C. STAHLHUT,
G. B. PORSCH,
WM. B. HAIBER,
Committee.
And Fifty-six Others.

May 15th, 1903.

The request of the petitioners is just and should be granted.

HENRY HILBRECHT, Chief.

Referred to committee on fees and salaries.

COMMUNICATION FROM WATERWORKS TRUSTEES.

To the Mayor and Common Council:

Gentlemen: The board of waterworks trustees herewith submit to your honorable body the needs of the department as the board of trustees find them, and likewise a statement of the financial condition of it at the present time. In the first place, the board finds that the following obligations of the department are due and must be paid during the year:

To orders drawn during the month of April, 1903	$ 5,785 05
To insurance	625 00
To interest on loan from city	440 00
To Joseph Derheimer	2,000 00
To Holly Mfg. Co., engine	10,506 00
To J. Welch, & Co	672 00
Total	$20,028 05

That there are other liabilities, some of which are now due and payable, and others the year following, but all of which can be carried into next year.

To loan from city	$ 8,800 00
To Holly Mfg. Co	10,792 00
To judgment in case of Brown vs. City	5,070 00
Total	$24,662 00

The operating expenses for the balance of the year are estimated at $24,600.00. The estimated revenues for the balance of the year, including cash on hand, are $47,000.00.

It will be seen that upon the board paying the obligations that must be met this year, and the operating expenses, that the revenues of the department will be reduced to about $2,371.95, and to have this amount, the board will be required to carry $24,662.00 into next year.

But the trouble is, it leaves nothing for the board to meet the necessities of the department at this time, which are as follows:

To repairing station No. 1	$1,041 94
To repairing station No. 2, including the cost of drilling two wells	1,830 00
To repairing reservoir	3,000 00
Total	$5,871 94

Extensions for fire protection and for cutting out dead ends are greatly demanded and if all are made will cost about $11,000.00. To do this work, or the most necessary part of it, the board will require at least $12,000.00 in excess of the revenues for 1903. The trustees therefore ask that the city loan the department out of the special funds on hand $12,000.00, to be repaid within two years. This will enable the trustees to make the necessary repairs and at least a portion of the extensions. The board of trustees likewise calls the council's attention to the fact that the time is not far distant when the reservoir will be insufficient and an additional one will be required, or a stand pipe. To build either will require that the council provide a large portion of the money, as the income of the department alone will not be sufficient. This matter it would be well to consider before the next tax levy is made. A conference of the board of trustees and committee on waterworks might be had to consider the matter.

In conclusion, the board of trustees would respectfully ask that the council act upon the loan question at an early date, for the reason that the season is here when repairs and extensions, if made, ought to be commenced in order that the same may be completed during the year.

EDWARD WHITE,
H. T. HOGAN,
JULIUS TONNE,
Waterworks Trustees.

Referred to committee on waterworks and committee on finance.

MAJORITY REPORT OF THE COMMITTEE ON FINANCE.

To the Mayor and Common Council.

Gentlemen: The undersigned members of the committee on finance, a majority report, recommend that the ordinance appropriating five hundred dollars ($500.00) to the department of health, to pay for garbage cans, do not pass.

JOS. A. BURSLEY,
JOHN M. PFEIFFER,
ARWID POLSTER.

MINORITY REPORT OF COMMITTEE ON FINANCE.

To the Mayor and Common Council.

Gentlemen: The undersigned members of the committee on finance, as a minority report, recommend that the ordinance appropriating five hundred dollars ($500.00) to the department of health, for the purpose of paying for garbage cans, be passed.

F. J. BAKER,
H. A. WIEBKE.

Mr. Pfeiffer offered the motion that the majority report be adopted, which motion was seconded by Mr. Reiman.

Mr. Baker offered as an amendment to the motion that the minority report be adopted instead of the majority report, which amendment was seconded by Mr. Wiebke.

The amendment being put to a vote, was lost, whereupon the majority report was adopted.

REPORT OF THE COMMITTEE ON STREETS AND ALLEYS AND BOARD OF PUBLIC WORKS.

To the Mayor and Common Council:

Your committee on streets and alleys herein reports that it met with the board of public works upon the petition to widen Creighton avenue, from Holton avenue to John street. The committee and board visited the grounds and find that the street is narrow, as set out in the petition, but likewise finds that to grant the petition just as prayed for to be almost an impossibility. First, the petitioners ask to have the wires on the street put under ground. This is unreasonable, if not legally impossible, because of the enormous expense attending the work. To remove the poles of the telephone company from off the street to some other street or alley is likewise impossible, for the reason of there being no other alley or street in which the poles can be located and furnish patrons with 'phones on Creighton avenue. As to the Electric Light company, its wires can be accommodated by other poles near at hand, or by stringing the same on telephone poles, which the telephone company is willing that it should do. To remedy the matter, the committee recommends that the board of public works set out the curb on each side of the street one foot, thereby making the street twenty-six feet wide; that the telephone company be instructed by the board of public works to move its poles back to such a distance as will leave a clear gutter, and as little obstruction to the brick sidewalk as possible, and to that end the committee recommends that the side of the pole along the gutter be flattened; that the poles be properly dressed and trimmed so as to present a nice appearance.

That the Electric Light company be required to transfer its wires to other poles owned by it or make use of the telephone poles, and remove its poles from off the street.

JESSE BROSIUS,
CALVIN K. RIEMAN,
T. N. HALL,
Committee on Streets and Alleys.
PETER EGGEMANN,
WM. DOEHRMANN,
H. C. ZOLLINGER,
Board of Public Works.

Adopted.

REPORT OF COMMITTEE ON STREETS AND ALLEYS AND BOARD OF PUBLIC SAFETY.

To the Mayor and Common Council:

Gentlemen: The committee on streets to which was referred the petition in relation to soot coming from the Mondamin Meadows factory, respectfully report that it visited the place and there found some evidence of conditions complained of. The owner of the factory was seen and said he had commenced the use of natural gas several days ago, and if the supply held out, would continue to use the same until next fall. This will discontinue the nuisance, if there was one, at least until that time. Furthermore, the owner of the plant says that he intends to build across the street between this and fall, and if there is any way in which a chimney can be constructed that will eliminate the conditions complained of, that he will adopt it. The committee recommends that the matter be held in abeyance until such a time as it may be shown that conditions have not been changed.

JESSE BROSIUS,
CALVIN K. RIEMAN,
T. N. HALL.
Committee on Streets and Alleys.
CHAS. H. BUCK,
GEO. W. WILSON,
LOUIS C. KASTEN,
Board of Public Safety.

Adopted.

REPORT OF COMMITTEE ON WATERWORKS.

We, your committee on waterworks, to whom was referred the report of the waterworks trustees for the month of April, 1903, respectfully report that we have examined the same and found it correct with the books in their respective offices.

MICHAEL KINDER,
H. A. WIEBKE,
H. WM. MEYER,
Committee on Waterworks.

Concurred in.

PETITION.

Fort Wayne, Ind., May 23, 1903.

To the Honorable Mayor and Common Council.

Gentlemen: The undersigned, owners of real estate abutting on John street, from Pontiac street south to city limits, respectfully petition for the passage of a resolution providing for the extension of the water mains on John street, from Pontiac street south to the city limits.

JOHN W. TELLMANN,
And Eighteen Others.
PHILLIP H. WYSS.

Referred to committee on waterworks.

PETITION.

Fort Wayne, Ind., May 28, 1903.

To the Honorable Mayor and Members of the City Council of the City of Fort Wayne, Ind.

Gentlemen: We, the undersigned patrolmen of the police department of the city of Fort Wayne, through the official channel, do herewith most respectfully petition your honorable body for an increase of salary.

In thus presenting this request to your honorable body we would take occasion to set forth some reasons which we believe and which we trust you will conceive to be of sufficient weight to successfully urge the granting of this petition.

Many things distinguish the incidents of the daily life of the patrolman from those of the citizen engaged in almost all other pursuits. Many things operate to increase the expenses of his living and the natural expenditures of his calling. In the one item of clothing alone the difference is most noteworthy. A patrolman cannot go to a clothing store and purchase for from ten to twenty dollars a suit of clothes, or at the same range of figures, an overcoat. He must patronize a merchant tailor for both whenever needed and at an expense never less than $30, and usually higher. Our caps cost $2.50 and a helmet puts upon us a cost of $4.

A patrolman virtually has little time of his own—indeed, scarcely any for pursuit of natural pleasures or mental profit. We are deprived of the enjoyment of the Sabbath at home with our families. Twelve hours each day and seven days each week, on through the year, and, in the case of the veterans of the force, year after year, we pursue the same monotonous round. When to this service of eighty-four hours a week—twenty-four hours, and in many cases thirty hours more than most men work—is added the hours of special duty, which is performed without special remuneration, it will be readily seen and at once admitted that scarcely any calling imposes upon its followers the long hours of service that are imposed by patrol duty under the two-platoon system as prevailing in Fort Wayne.

Now, bearing in mind the number of hours we regularly work, in all kinds of weather, without relief or favor, we believe you will concede that the sum of seventeen and a fraction cents per hour is, to say the least, meager pay for the labor performed. When addition is made of the hours of special duty, performed in various ways, the time frequently spent by all patrolmen in service as witnesses in police court, the average rate per hour will be cut very much below the sum of seventeen cents.

We would respectfully address to your notice the fact—of which no man is ignorant—that while for many years our pay has remained stationary, the price of the necessaries of life have gone up from 20 per cent. to 100 per cent., and to a higher general level of about 40 per cent. During the past few months the practice has become general among all great corporations to raise the wages of their employes in amounts ranging from 10 per cent. to 15 per cent. We believe the great corporation of the city of Fort Wayne should recognize the just tendency of the times and raise the pay of its patrolmen.

We can appeal in safety and with pride to the records of the police department for voucher to the faithfulness and efficiency of our service and challenge comparison with any city of this class for ratio of crime so low as in Fort Wayne.

We, therefore, pray your honorable body for an increase of 15 per cent. of our salaries, which is equal to a fraction of over twenty cents an hour, believing such increase is our just due and portion of the prosperous times and the merit of our faithful duty. We would beg to suggest in this connection that the $5 per month increase of 1900 was merely restitution of the original salary that was in force for twelve years or more prior to the hard times of the panic of 1894.

All of which is respectfully submitted.

JOHN K. STEVENS,
And Thirty-three Others.

Fort Wayne, Ind., May 28, 1903.

To the Honorable Mayor and Common Council:

We, the undersigned sergeants of police of the city of Fort Wayne, hereby join with the patrolmen in their petition for an increase of pay upon the same grounds set forth in their petition, and respectfully ask that our pay be increased to eighty-five dollars per month, or that it be fixed equitably between that of our patrolmen and our superiors.

HENRY J. HARKENRIDER.
OREN A. PHIPPS.

Referred to committee on fees and salaries.

RESOLUTION.

Be it resolved by the common council of the city of Fort Wayne, That all ordinances hereafter passed by the common council, requiring publication, shall be published in the Fort Wayne News, and that the words, "corporation paper," used in section 2 of an ordinance approved March 11, 1887, shall be deemed to mean the Fort Wayne News.

ARWID POLSTER.

Adopted.

APPROPRIATION ORDINANCE NO. ..

An ordinance appropriating fifteen hundred dollars ($1,500.00) to prevention of contagious disease account:

Section 1. Be it ordained by the common council that fifteen hundred dollars ($1,500.00) be and the same are hereby appropriated to prevention of contagious disease account, for the purpose of paying expenses in several new smallpox cases.

Section 2. This ordinance shall be in full force and effect from and after its passage and approval by the mayor.

C. B. WOODWORTH.

The ordinance was read the first time in full. Upon motion the ordinance was read the second time by its title and referred to the committees on finance and health.

GENERAL ORDINANCE NO. ..

An ordinance regulating bathing within the corporate limits of the city and providing a penalty.

Section 1. Be it enacted by the common council of the city of Fort Wayne, that it shall be unlawful for any person to swim or bathe in any river within the corporate limits of the city, between the hours of six (6) in the morning and eight (8) in the evening, without being clothed in suitable and sufficient bathing suits.

It shall also be unlawful for any person to bathe or swim in any river within 250 feet from any bridge over and across any such river. Any person or persons offending against the provisions of this ordinance shall, on conviction thereof, be fined in any sum not exceeding five dollars $(5.00) and costs of prosecution.

Section 2. This ordinance to be in full force and effect on and after its passage, approval by mayor and legal publication.

CHAS. D. CROUSE.

The ordinance was read the first time in full. Upon motion the ordinance was read the second time by its title and referred to the committee on rules, regulations and ordinances.

NOTICE TO NON-RESIDENTS.

State of Indiana, Allen County, ss:

In the Superior Court, April term, 1903.

John W. White vs. the Magee Carpet Company, et al.

It appearing to the satisfaction of said court, by the affidavit of the plaintiff herein, that the following named defendants, the Magee Carpet Company and the Harrisburg Trust Company, are foreign corporations and have property in this state, and that a cause of action exists against said defendants in favor of said plaintiff to recover on promissory note.

Notice is therefore by order of said court hereby given said non-resident defendants of the filing and pendency of said complaint, and that unless they appear before the judge of said court on the 13th day of July, 1903, and answer or demur thereto, the same will be heard and determined in their absence.

(Attest:)

W. A. JOHNSON, Clerk.
ALBERT E. THOMAS,
Attorney for plaintiff. m21-28-j4

NOTICE.

To Whom it May Concern:

Notice is hereby given that the co-partnership heretofore existing under the firm name of Arantz & DeLaGrange, at Fort Wayne, Indiana, is this day dissolved. All accounts due the firm are to be paid to Edward DeLaGrange, and all liabilities should be presented to him for payment.

E. V. DELAGRANGE,
PHILIP H. ARANTZ.

HOW TO GAIN FLESH

The life of food is the fat within it—the more fat the more real benefit from the food; that is why cod liver oil is a powerful builder of flesh.

Scott's Emulsion of pure cod liver oil solves the problem of how to take cod liver oil. That is one reason why doctors have been prescribing Scott's Emulsion for all wasting diseases, coughs, colds and bronchitis for almost thirty years.

We'll send you a sample free upon request.
SCOTT & BOWNE, 409 Pearl Street, New York.

DOESN'T RESPECT OLD AGE.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies, no matter how severe, and irrespective of old age. Dyspepsia, jaundice, fever, constipation, all yield to this perfect pill. 25c. at Dreier & Bro.'s drug store.

KILLED BY SNAKE'S GLANCE.

Toledo, O., May 28.—From Rio Grande comes the story of the strange death of Mrs. Celia Bandy, a widow of that village, who is said to have died from snake-charming. Mrs. Bandy's cat was transfixed by the glance of a black snake six feet long. Snatching a club the woman rushed to the garden to rescue her cat and after dealing the snake a blow fell to the ground and despite medical aid died in a short time without regaining consciousness. The snake was killed and many believe that Mrs. Bandy was charmed by the snake, her death resulting.

NOTICE! All horseshoeing shops will be closed all day Saturday—Memorial Day.

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe, angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of child-birth can be entirely avoided by the use of **Mother's Friend**, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain. Sold at $1.00 per bottle by druggists. Our book of priceless value to all women sent free. Address

"The Runaways."

A Poor Show Expensively Mounted ∴ "Taming of the Shrew."

"The Runaways," produced at the Casino by the Shubert Bros., is by Addison Burkhardt and Raymond Hubbell. I have never heard of either of these gentlemen before, and if this "extravaganza" is the best they can do I have not lost much. There is nothing in it so far as the book is concerned except a nice advertisement for all the things we eat and some day will eat, driven thereto by advertisements. From one edible to another of street car and electric light fame the funny (?) man went until I thought the free publicity was really worth money to the producers. The giant rooster, played by Walter Stanton, Jr., and way down in the middle of the programme, should have held the first place, as it was by all odds the best thing in the show. Arthur Dunn was funny as the confederate of the medicine man Fleecem, played by Al Fields, and Amelia Stone as the Princess of the Isle of Table D'Hote sang the only really good song of the evening. These and the Six Little Tailors—no, I mean widows—saved the show.

ARTHUR DUNN.

Why was it called "The Runaways?" I thought it was the name of a winning horse, but another onlooker thought it was because the principals ran away. "You pays your money and you takes your choice." In either case it doesn't matter. The music was not pretty save in one or two instances, and the scenery was not to be compared with many of the preceding scenic shows of the season. Where, then, was the money we read about spent? On the costumes doubtless. They were rarely beautiful. Each moment something more to startle, and the widows were marvels of the sartorial art. The Hengler sisters and Alexander Clark were good, but the latter was a poor imitation of Charles A. Bigelow in his bathing suit. Van Rensselaer, Wheeler as Robert Gray was excellent.

Elsie Leslie is a brave little woman, and I for one admire her pluck. She was so long identified in the minds of people with her childish success, "Little Lord Fauntleroy," that it was a bold attempt to come forward as Katharine in "The Taming of the Shrew." She did it at a special matinee, "making good." She is lovely, or so appeared in the role, and, though a little toning down is necessary, her portrayal of the vixen of Shakespeare was excellent. Miss Leslie is young and no doubt was nervous on this occasion, but, I predict that after a few performances she will give a most delightful Katharine. Her husband in real life, Jefferson Winter, played Petruchio and, while pleasing, was not convincing in his conception. He appeared as if really the brute and not a gentleman in masquerade. Mr. Winter is an excellent actor, but he has some things to learn about this woman tamer. When he tries to explain his attitude to the subdued Kate it seems unreal, as he has been so ferocious as not to make an apology seem to fit in. The cast was fair and in two instances very good. Richard Webster as Christopher Sly and Robert Payton Gibbs as Grumio were next to the young leading couple in importance.

MARY A. BARTOW.

New York.

Our Jockeys In France.

Rigby, Thompson, O'Connor, McGinn and other American jockeys are again riding in their old form in France, and there are as yet no scandals in connection with the turf. Paris tradesmen are indignant against society giving encouragement to authorities in fixing the date of the Grand Prix in Paris for June 7.

They declare that Americans, English and their rich French patrons date their departure from Paris by this event, which should have been fixed at least a week later, the difference meaning an enormous loss to trade.

Rusie Is Captain of a Minor Team.

Amos Rusie, once one of the most famous of the National league ball pitchers, but for some reason out of the game, has re-entered the game this season in a small way. He has signed a contract to play first base and pitch for the team at Vincennes, Ind., and he will also captain the team. He is in good condition, and it is believed by many that he hopes to get back into the game in one of the big leagues.

Rube Is In Fine Shape.

Rube Waddell is apparently going to be just the same great pitcher and just the same remarkable diamond character this year as in seasons past.

THE MARKETS

Chicago, May 28.—July wheat touched 74⅛c on cables, but reacted to 73⅜c. The market held at the decline and the close was steady, with July ⅛c lower, at 73⅜@73⅝c.

July corn advanced 45⅜c on railroad strike troubles. In sympathy with wheat corn eased off a trifle, but closed steady, with July unchanged at 45⅛@45⅜c.

July oats were firm, no selling early, at 34⅜c.

September provisions opened firm with hogs, pork at $16.77½, lard at $8.52½ to $8.37½ and ribs at $9.20 to $9.25.

THE CLOSE.

Prices at the close were as follows:

Wheat—May, 77c; July, 73⅜@73⅝c; Sept., 70⅝c; Dec., 71@71⅛c.

Corn—May, 45⅛c; July, 45⅛@45⅜c; Sept., 44⅞@45c; Dec., 42⅝c.

Oats—May, 35⅛c; July, 33⅜c; Sept., 31⅛c; Dec., 31⅛@31⅛c.

Pork—May, $19.00; July, $17.35; Sept., $16.75.

Lard—May, $8.82½; July, $8.90; Sept., $8.80; Oct., $8.60½.

Ribs—May, $9.62½; July, $9.42½; Sept., $9.20.

Rye—May, 49c; July, 50½@50⅝c.

Flax—Cash N. W., $1.15; S. W., $1.10; May, $1.12; July, $1.12@1.14.

Timothy—May, $3.45.

Clover—May, $11.50.

Barley—Cash, 52c.

BUTTER, CHEESE AND EGGS.

Chicago, May 28.—Butter—Market steady: creameries, 15@21½c; dairies, 15@18c.

Eggs—Market easy, 14@14½c.

Cheese (New)—Market weak; twins, 10½c; daisies, 11c; young Americas, 11¼@11½c.

CHICAGO LIVE STOCK.

Chicago, May 28.—Cattle—Receipts, 8,000; market steady; good to prime steers, $4.85@5.40; poor to medium, $4@4.80; stockers and feeders, $3@4.75; cows, $1.50@4.60; heifers, $2.25@4.80; canners, $1.50@2.75; bulls, $2.25@4.30; calves, $2.25@6.60; Texas fed steers, $4@4.50.

Hogs—Receipts today, 19,000; tomorrow, 20,000; left over, 3,397; market steady to strong; mixed and butchers, $5.70@6.05; good to choice heavy, $6.05@6.35; rough heavy, $5.75@6; light, $5.45@5.85; bulk of sales, $5.80@6.05.

Sheep—Receipts, 6,000; sheep and lambs, market steady; good to choice wethers, $4.50@6; fair to choice mixed, $3.50@4.25; native lambs, $4@7.

THE DAY ON WALL STREET.

New York, May 28.—There was evidence of a renewal of liquidation in the opening dealings in stocks, causing factional declines throughout the list. The weakness of the London market increased the selling pressure here. Amalgamated Copper dropped 1⅜ and realizing in National Railroad of Mexico preferred depressed that stock 1⅛. Losses of about a point were scored by Rock Island and Leather preferred, and Union Pacific declined ⅞.

Rock Island was poured out on a descending price scale until it reached 34⅜, a loss of 1⅝. The liquidation was apparently checked and it steadied around 35. Further losses were made in other active stocks before the market turned, but only in Louisville was the loss important, that stock declining 1⅛. Prices hardened only a trifle except for a 2-point rally in Leather preferred, before the decline was renewed with violence. On the second break St. Paul, Union Pacific, Atchison and Amalgamated sold lower than before and the general list came back to about the opening range. St. Joseph and Grand Island first preferred lost 5, Hocking Valley 2 and the Union Pacific, Pacific Mail, General Electric and Pressed Steel preferred about a point. The market steadied and became dull as the first hour expired.

The character of the selling in evidence encouraged bear traders to attack prices with the purpose of dislodging vulnerable accounts. On the decline there were indications of heavy unloading by long-standing pools and prices broke rapidly. Amalgamated ran off 3⅛ under a continuous stream of offerings and its subsidiary stock, Anaconda, broke 7⅛. Rock Island was under severe pressure and was forced down 2⅛. Canadian Pacific slumped 2⅛, Union Pacific ran off 1⅝, Northwestern 2 and the active list generally 1 to 1⅛. There was a drop of 2 in Sloss-Sheffield Steel, 2⅛ in United Railway Investment preferred and 3 in U. S. Rubber preferred. Short covering rallied Amalgamated 1⅝, Canadian Pacific 1 and Anaconda 2. Missouri Pacific made a good recovery, but the rally generally was feverish and led to dull trading at once. Rock Island bonds were weak and the bond market generally irregular at noon.

Selling was resumed from all quarters after the mid-day period of dullness and earlier losses were extended a fraction in the Pacifics, St. Paul, Amalgamated and U. S. Steel preferred. Other stocks hung around the low point closely and showed little indication of recovery. Sugar broke 2⅛, Consolidated Gas 3⅛ and St. Louis and San Francisco 3, but the last named rallied 1⅛. Texas Pacific Land Trust advanced 4.

A pause in the selling brought only a feeble rally to prices outside of Baltimore and Ohio, which recovered fully. Bear professionals noting the futile attempts to force a rally, attacked the market again and forced the level of prices substantially lower than before. Declines below yesterday's close reached 4⅜ in North American, 4⅜ in Amalgamated, 3⅛ in Canadian Pacific, Rock Island preferred and Kansas City Southern, 3⅛ in Pullman and 2 to 2⅝ in Rock Island, Union Pacific, St. Paul, Tennessee Coal and Brooklyn Transit. Rallies of a point were made by a few stocks, but were not well held.

Further declines were made in less active stocks, reaching in St. Joseph and Grand Island first preferred to 7, the second preferred 3, Central of New Jersey 6, General Electric 3⅛, Minneapolis, St. Paul and Sault Ste Marie preferred 2⅞, National Railroad of Mexico preferred 2⅛, Delaware and Hudson 2 and U. S. Leather 1. Brooklyn Union Gas and Third avenue made gains of about 2, Reading second preferred 1⅜ and New York, Chicago and St. Louis 1. A final drive was made against the market, which carried Union Pacific ⅞ lower than before. Otherwise the eagerness of the shorts to cover sustained prices on the break. Rumors of freight handlers 'strike in the west were assigned as a cause of the weakness. There were recoveries in St. Paul, Rock Island, the various Pacifics, New York Central, National Railroad of Mexico, U. S. Steel preferred, Amalgamated, Sugar and Brooklyn Transit of 1 to 1⅜, the latter for Rock Island. There was some slight wavering at the last, but the closing was active and generally steady.

NEW YORK PRODUCE MARKET.

New York, May 28.—Butter—Receipts, 6,271 packages: market steady; state dairy, 16@21c; extra creamery, 22c; creamery, common to choice, 18@21½c.

Cheese—Receipts, 5,169 packages; market unsettled; state full cream, fancy small colored, 11⅛c; small white, 11⅛c; large colored, 11⅛c; large white, 11c.

Eggs—Receipts, 12,171 packages; market irregular; state and Pennsylvania, 17@17½c; western storage packed, 17c; Kentucky seconds, 14½@15½c; western seconds, 15@16½c; southern thirds, 13½@14c.

Sugar—Raw, market quiet; fair refining, 3⅛c; centrifugal, 96 test, 3⅝c; molasses sugar, 2 15-16c; refined, market unsettled; crushed, $5.45; powdered, $4.95; granulated, $4.85.

Coffee—Market quiet; No. 7 Rio, 5½c.

Molasses—Market firm; New Orleans, 31@40c.

DEATHS AND FUNERALS.

KAUFMANN.

Mrs. Catherine Kaufmann, widow of Christian Kaufmann, died Wednesday at her home, 2106 Hanna street, at the age of 59 years, 3 months and 21 days. Death was due to kidney trouble, and she had been in failing health three years.

Mrs. Kaufmann was a native of Germany, but had been a resident of Fort Wayne many years. Her husband died twenty years ago. Surviving are five daughters and a son—Mrs. R. Kirbach, of Chicago; Mrs. H. Jahn, Mrs. Lizzie Cramer, Mrs. W. Bothern, Miss Julia Kaufmann and Christ Kaufmann, of this city. There are eight grandchildren. She was a most estimable woman and a devoted member of Grace Lutheran church.

The funeral services will be held Friday afternoon at 1:30 from the residence and at 2 o'clock from Grace Lutheran church.

FUNERAL NOTICES.

Stahl.—Funeral services of Reuben Stahl will be held Friday afternoon at 2 o'clock from the residence, 808 East Lewis street, Rev. Lake officiating. The post mortem examination revealed that Mr. Stahl's sudden death Wednesday was due to a blood clot upon the brain.

ONE MAN'S EXPERIENCE.

"It may seem odd to you," said a man who has money enough now to buy a dozen cemeteries if he wanted them, according to the New York Sun, "but the first great feeling of relief and gratification that came to me with my first little accumulation of money sprang from the realization that now, for the first time since I had been married, we had money enough to bury any of us who should die.

"For years I had been dead poor, right down to hard pan all the time, using up every dollar of the few I earned as fast as I got it—I never had a cent. I never took a gloomy view of things, however, even in those days, any more than I do now; in fact, I used to smile over them, sometimes, when I thought of how devilish hard up we really were, but I used to wonder, sometimes, too, what we should do in case anything should happen, and it was a blessed feeling of relief, indeed, that I experienced when finally I had got together that first little pile of savings.

"Now we could bury any of us properly and with all due observance and with the gentlest care, without asking help of any one; at least we were so fixed that we could afford to die.

"And to be freed of that anxiety I found, when I did come to be free of it, was not only a great relief, but it was an actual help to me in a business way. It made me feel safer and easier and more secure about everything; it gave me greater confidence and helped me in every way, and so this provision for taking off helped us greatly in getting on."

HOSTAGE FOR A NICKEL.

Almost daily one sees records of different persons being detained in default of various large sums of money. Here is a little girl who the other day offered to place her little flaxen-haired brother in trust for the tiny sum of five cents. The transaction, or what might have been one, took place in a certain barber shop in town. The barber had just finished rounding off the little fellow's bangs and was heaping all manner of praises on him for his good behavior during the process of the operation, and the little sister stood proudly by, happy in the thought that she was guardian through such an ordeal. Finally the time came to "render unto Caesar the things that are Caesar's," and she handed over to the barber a bright ten-cent piece.

"Oh, hair cuttin's fifteen cents," remarked his tonsorial highness.

"Is it? But that's all I have with me Well, you keep him here," remarked the sacrificing little guardian, "and I'll run home and get the rest."—Philadelphia Press.

UNEXPECTED RESIGNATION

J. D. Harris and J. W. Dalman Surprise Officials and Friends

L. G. DAILEY PROMOTED

Becomes Superintendent of The Armour's St. Louis Plant

The Sentinel is in receipt of a bit of news from the east which will be a surprise to the men friends of the men most deeply interested in the matter. Joseph D. Harris has resigned the position of assistant superintendent of motive power of the Baltimore and Ohio and John W. Dalman has resigned the position of master mechanic of the Newark division of the system. No cause is assigned, but it is likely that they have other and better offers from other roads. Mr. Dalman is a native of Allen county and with the exception of the time spent in an official capacity at New Castle and later at Newark, he lived here all his life. Mr. Harris came here while Mr. G. L. Potter was master mechanic of the Pittsburg and served a special apprenticeship at the shops. Then he was appointed master mechanic of the Cleveland and Pittsburg division and filled that office until he was called to the Baltimore and Ohio. The Sentinel was unable to learn the names of the successors of Messrs. Harris and Dalman, if they have been selected.

LOU DAILEY PROMOTED.

Louis G. Dailey, who left a good clerical position with the Pennsylvania about two months ago to take a position in the office of the Armour company, in Chicago, has received a nice promotion at the hands of his new employer, who evidently finds him quite a valuable man. Next Monday Mr. Dailey will assume the superintendency of the company's extensive plant and business in St. Louis at a salary considerably greater than the one his present position affords. Mrs. Dailey and their son joined Mr. Dailey in Chicago a few weeks ago and they fitted up a house for housekeeping. They will now have the same task to perform in St. [illegible]is, but the increased salary and [illegible]tance of the new position will [illegible] to [illegible]ake the work less arduous and distasteful than it would be under less favorable circumstances. The family is well known here, where they resided about ten years. Mr. Dailey is a native of Nevada, Ohio. He took a position as fireman with the Pennsylvania about twelve years ago and was so badly injured in a wreck soon afterwards that he had to abandon that kind of work. Then the company gave him a position as clerk in one of the departments of the shops and promoted him from time to time until he reached one of the best positions in Shop Clerk J. H. Hobrock's office. He secured a leave of absence about two months ago to investigate an offer of a position with the Armours and a few days later sent his resignation to Mr. Hobrock. Mr. Dailey is popular with his friends and the news of his promotion will be welcomed by all.

THE ACCIDENTS.

R. M. Lighthill, a truckman at the Pennsylvania freight house, received a gash in the side of his head by being struck with an axle one of the men was handling. Frank Lehmann was also cut in the head by being hit by a piece of iron which fell from a furnace in the blacksmith shop. J. H. Chiviron had a couple fingers lacerated by getting them in the gearing of a grinder at the Pittsburg shops yesterday. The Italian injured at Columbia City yesterday and mentioned in these columns last evening was named Amadeo Dascanio. He is getting along nicely under the care of Dr. C. B. Stemen at St. Joseph hospital.

C. M. Kahoe, a Pittsburg shop hand, had one of his hands caught behind a driver brake last evening and the member was badly bruised.

Master Mechanic and Mrs. B. Fitzpatrick went to St. Joseph, Mich., last evening to see their son Will, who is in a hospital there with a lame knee, the result of an accident on a ball ground.

Jacob Erlenbaugh, Wabash machinist, received a painful cut over the left eye this morning by being struck with a chip of steel while he was dressing down a piece of metal.

Conductor Michael Klinkel and Brakeman E. M. Hall, of the Grand Rapids and Indiana road, sustained injuries yesterday by being thrown down in their caboose by a sudden stop. Mr. Klinkel was unable to come down town today on account of the injury, but Mr. Hall is around, though feeling rather sore.

A FINE TRAIN SERVICE.

The transportation department of the Grand Rapids and Indiana road has issued a book descriptive of the resorts reached by that line and giving other information which will be interesting and valuable to the contemplating traveler in search of pleasure and comfort. An item of especial interest concerns the train service, which is going to be better this year than ever before. The following schedule, which is subject to a slight change in the time of departure of one or two of the trains, is nevertheless sufficiently accurate to justify publication. The reader will remember that northbound trains are designated by the odd numbers and the southbound trains by the even numbers:

No. 9, arrives	9:45 a. m.
No. 7, leaves	8:50 a. m.
No. 3, leaves	6:30 p. m.
No. 5, leaves	11:55 p. m.
No. 11, leaves	1:15 p. m.
No. 13, Pond Lily	5:00 p. m.
No. 14, arrives	7;50 a. m.
No. 6, arrives	11:10 p. m.
No. 2, leaves	12:30 p. m.
No. 4, leaves	1:55 a. m.
No. 12, leaves	6:35 a. m.
No. 8, leaves	6:50 p. m.

MR. HOUGHTON INJURED.

Roadmaster R. A. Houghton, of the Wabash, was thrown from a handcar last Tuesday and the wheels passed over both legs and his chest, breaking one rib and lacerating and bruising the flesh of his body and limbs. Mr. Houghton was taken to his home in Defiance, O., where he is reported to be getting along as well as could be expected. He is one of the veterans in railway work in this part of the country, having been engaged in it nearly a half century. His position brings him in touch with men in all of the departments and there is no official on the eastern division of the Wabash who is as well known as Mr. Houghton and none are more popular with the men.

LITTLE GIRL KILLED.

Conductor James Rowan, Engineer Michael Shea and Fireman Frank Speidle, of the Pennsylvania, were greatly surprised last night by a summons to attend a coroner's inquest at Whiting at 3 o'clock this afternoon. They went up to that city on the Pennsylvania accommodation, which left at 7:30 this morning. The meagre information given in the message summoning the gentlemen named to Whiting is to the effect that a little girl was struck and killed by a Pennsylvania train, presumably the No. 32, which is due at that place at 11:17, yesterday. Neither of the men named know anything of an accident of this character.

BLACKSMITH MARRIED.

Henry Shuster and Miss Elizabeth Holzhauer, a very popular couple, were married at St. John's Reformed church at 4 o'clock this afternoon. They went immediately to a house that has been fitted up for them on Woodlawn avenue. Mr. Shuster is employed at the Bass blacksmith shop and the boys at that place are training in order that they may give him the proper reception when he appear there for work.

CLOSED THE STATION.

The L. E. & W. railroad has closed its station at Royerton and removed its agent, says the Bluffton News. It is said that the competition given by the Muncie, Hartford City & Fort Wayne railway has been the cause of this action. The interurban cars stopped at the rear door of the L. E. & W. station and the passengers of the traction line used it as a waiting room. The hourly service of the traction cars made a heavy inroad on the traffic of the L. E. & W.

WILL WORK SATURDAY.

On account of the great demand for the products of the department, the Bass foundry will not close down on Decoration day as has been the practice for many years. The blacksmith shop and the machine shop will close as usual, however. So far as the reporter was able to learn all of the other big shops in the city, including the railway shops, will close on Saturday.

MR. SHOYER HERE.

A. M. Shoyer, general superintendent of the Pennsylvania lines, spent the morning in Fort Wayne and vicinity, coming in on train 25 and leaving on 39 at noon. Mr. Shoyer went down to Adams to inspect the improvements that are in progress there.

A PLEASANT AFFAIR.

The Misses Mary Conn and Bessie Miller delightfully entertained Loyal lodge No. 85, Ladies' Auxiliary to the B. R. T., and about 100 friends at the home of Miss Miller, 621 West Main street, Wednesday afternoon and evening. The rooms were decorated with the lodge colors and cut flowers and a delicious three-course supper was served.

INSTALLED NEW MACHINE.

A machine for turning down piston rods and similar pieces has just been put in operation in the Wabash shops and for a while will be operated by Machinist Frank Falva. This machine grinds off the metal, instead of cutting it as does the old fashioned lathe, and in this respect is a novelty in the line of a tool. It is said to be a great labor saver.

INDUSTRIAL NOTES.

The Packard company shipped one of its organs to Jerusalem yesterday.

The big Pennsylvania flagstaff was erected east of the depot building this morning.

Harry Harrod, H. S. Gerkens and W. Linnemeier, Pittsburg shopmen, are sick and off duty.

F. J. Brown left last night for Louisville on business for the Pennsylvania company.

Born, to Mr. and Mrs. Patrick Dinklage—a daughter. The happy father is a Pennsylvania conductor.

Supt. J. B. Barnes, of the motive power department of the Wabash, will arrive in the city tomorrow, to remain until Monday.

Mrs. W. H. Wyman, wife of a Pennsylvania engineer, is in Bourbon at the bedside of her mother, who is very sick.

Electrician William H. Sherbondy, of the Pennsylvania, has gone to Pittsburg on business for the company.

Several of the men employed in the erecting department of the Bass works are at Decatur installing a boiler and erecting a big smoke stack.

Engineer D. P. Eldred, of the Pennsylvania limited, is sick and his place at the throttle has been taken by Engineer William Slagle.

William Conroy, an apprentice at the Wabash shops, is sick and has gone to the company's hospital at Peru.

Nickel Plate Engineer Ed Wolf has taken a two weeks' leave of absence for the purpose of visiting relatives in his old home in Pennsylvania.

Edgar Szink, a hammersmith at the Pittsburg shops, and his wife have gone to Mechanicsville, Pa., to spend a week or two with relatives.

G. P. Grosh, erecting foreman at the Wabash shops, and his family will move into their remodeled home at 2507 Hanna street next week.

Engineer and Mrs. Neal Hayes and their daughters will go to Columbus, Wis., in a few days to visit relatives and look after some business.

Master Mechanic George James, of Stony Island, was in the city yesterday conferring with General Foreman M. A. Kinney about Nickel Plate affairs.

George Cour, Pennsylvania passenger brakeman, will return to his duties next Monday. More than two months ago he had an eye severely burned with a hot cinder.

Henry C. Murphy, who had charge of the Wabash pumping station at Lafayette twenty-two years, died suddenly at his home in that city yesterday morning.

C. Bullerman, machinist at the Wabash shops, will go to Huntington tomorrow night to attend the wedding of a relative, which takes place on Decoration day.

A. W. Rose, who recently took a position in the Wabash boiler shop, has gone to Indianapolis to help his family get ready for the move to Fort Wayne.

Harvey Mullendore has been employed as a patrolman by Capt. H. Stoll, of the Pennsylvania police force. Mullendore resides in Columbia City.

M. F. Owen, agent at Rome City for the Grand Rapids and Indiana company, was married at that place last Sunday and his friends in this city have not yet learned of the wedding.

Machinist O. B. Wolf, of the Wabash shops, who recently left the hospital after an operation, has gone to Toledo to visit friends a few days before he resumes work in the shops.

Vernon Jones, an apprentice at the Wabash machine shop, who had an eye injured a few days ago, went to Springfield this morning to have the optic treated by the company's specialist.

John Gribbons and George Depner, machinists at the Pittsburg shops, will go to West lake tomorrow to remain until Sunday night. Both are expert fishermen and they will spend the time at the lake in that kind of sport.

Capt. Henry Stoll, of the Pennsylvania police force, has hired I. H. Jackson and P. L. Miner as patrolmen and they are now out on the road with older patrolmen learning "the ropes."

William Birely and L. H. Neireiter resumed their duties at the Pittsburg blacksmith shop this morning after a few days' absence. Mr. Neireiter was recently married and his appearance at the shops this morning was greeted by the "anvil chorus."

Mechanics are advised to remain away from California if they are looking for work at remunerative wages. A circular from the California State Federation of Labor says that country is flooded with cheap labor from Japan and Mexico.

Frank E. Long, an extra conductor on the Pittsburg, is sick and off duty. His wife has been confined to bed eight weeks and his sickness is due to the care and anxiety over the result of her illness. She is improving now.

Mrs. George H. Judy and daughter, Mrs. Edgar Morton, of Allegheny, Pa., are the guests of Mr. and Mrs. W. S. Cutshall. Several years ago Mr. Judy was foreman of the Pittsburg blacksmith shop and the family lived here eight or ten years.

G. L. Smith, a construction man in the employ of the Fort Wayne Electric works, has returned from a business trip to Pennsylvania. A. C. Bonham, another construction man, went to Elkhart this morning in the interest of the company.

Col. J. C. Winans, traveling passenger agent of the C., H. & D., is going over the line arranging for an excursion to Dayton and Cincinnati June 14. The beautiful grounds at the Soldiers' home will be in full bloom and at their best at that time and Mr. Winans believes a big crowd will go there.

Machinist and Mrs. George W. Barbier, of 812 Runion avenue, accompanied by Miss Nellie Davis and Mr. Earl Stevens, will leave tomorrow afternoon for Crooked Lake, Ind., where they will remain until Monday. Mr. Barbier is a great lover of piscatorial sports and will devote his stay at the lake to that pastime.

The Bass company will rebuild the heating plant at the Allen county poor farm and yesterday received an order from the county commissioners for a 40-horse power equipment. The National Steel Casting company also placed an order at the Bass works yesterday for an 80-horse power boiler to be installed in the casting plant at Montpelier.

The Lake Shore's Sunday excursion train goes into service June 14. Agent Crapser is making an effort to get the company to commence this service June 7, but he cannot tell at this date what will be the result of his efforts in that direction. There appears to be considerable interest in this matter and the train will undoubtedly pay for itself and earn a nice sum besides.

Mrs. Hepp, wife of Blacksmith Foreman C. L. Hepp, of the Wabash, went to Peru this morning to take part in the installation of officers in a lodge of Pocahontas. She will go to Logansport tomorrow to remain until Monday with her parents.

Supt. S. E. Cotter, of the Wabash, spent the time between the arrival of No. 8 and the departure of No. 6, about three hours, in the city this morning.

There are three claimants for the insurance policy of Joseph C. Broderick, a railroad man who died in Altoona, Pa., some weeks ago, and each claimant says she was the wife of the deceased. The Pennsylvania Voluntary Relief association, a party to the suit, has deposited the amount of the policy with the court in which suit has been instituted the money to be paid to the one who establishes her right to it.

The lower rate ordered by President Hill, of the Great Northern, for the benefit of small dealers on the North Pacific coast is a matter of more importance than was at first supposed, over 500 commodities being affected. The new rate is commonly designated in railroad circles as the "postage stamp." It makes a tariff of 75 cents for canned corn both from the Atlantic coast and the Missouri river market. The results of these reduced rates may be a demoralization of freight rates.

Look in our window and see the swell Outing Suits.

EAGLES OFF ON A BOOMING TOUR

Gone to Tell Muncie People of the Fort Wayne Carnival in June.

Headed by an automobile and marching to the music of the Fort Wayne City band a big delegation of the local aerie of the Fraternal Order of Eagles left shortly before noon today over the Lake Erie and Western railroad for Muncie.

There are about fifty members in the party and the trip is made to boom the carnival to be given here by the Eagles in June. Every member wore a placard announcing the event, and a wealth of advertising matter was taken along to be distributed both at Muncie and at other towns along the way. The band will lead an extended parade over the streets of Muncie this afternoon. The return will be made upon a special train this evening.

Read People's Store ad, page 9.

NEW WORK FOR THE WIRELESS.

A new function for wireless telegraphy has been discovered. The ether waves are to be attuned in pulsations that may divide two hearts that beat as one and prevent the union of two souls with but a single thought. The stern parent will be able to reach far away with his veto message the minister before whom the eloping couple stand awaiting the words that shall pronounce them man and wife. This disturbing influence to the course of love is to have test of its practicability over the waters of Lake Michigan.

Chicago has a Gretna Green. It is at St. Joseph, Mich., whither those may flee who would evade the license law as to weddings. St. Joe is to Chicago what Camden was to Philadelphia before the New Jersey legislature discouraged the clandestine clerical marriage industry in that state. But Chicago enterprise on Lake Michigan outstrips the placid Philadelphia way of crossing the Delaware on a ferry. A line of steamers plying between Chicago and St. Joe advertises that there will be a chaplain on board every trip to accommodate the couples in transit who are too bashful to face the Michigan yokels who line the way to the minister's house on land. Thus every excursion across the lake may have its romance, or romances, right on board.

But a tall tower has been built on the Chicago lake front, and every steamer, in addition to its chaplain, is equipped with a Marconi apparatus. Thus the irate parent who has missed the boat may climb the tower, and, at so much a word, command the captain to lock the runaway Gladdys or the bold Felix in his dungeon, if he has such a thing on board. As the captain is in supreme command of the vessel, he may or may not respect the wireless ban. But the device contains possibilities of trouble for elopers. To be sure, the contrivance can be made to work the other way. If the captain is complaisant and the chaplain is industrious, the united couple can put the ether waves into motion to break the news at home.—New York Mail and Express.

NOTES OF THE DAY.

The average annual temperature of Sitka and Omaha is the same.

Seven railroads have recently voted to issue $230,000,000 of new securities.

Of the American males over forty years of age 80.9 per cent. are married.

The proportion of Chinese to Indians in the United States is as two to three.

If you buy your Outing Suit of Patterson it will be right—so will the price.

MERCERIZED MADRAS CLOTH WASH GOODS

On Friday morning we place on Special Sale 400 pieces, about 15,000 yards, of Mercerized Madras Cloth Wash Goods in a variety of colors and fancy stripe effects. There are 100 different colors and patterns in the lot, and were never before sold by this or any other house for less than 25c yard, and as high as 30c yard. But for one day, FRIDAY, you can take

YOUR CHOICE FOR 15c PER YARD

This cloth is especially desirable and is very much used for Shirt Waists and Shirt Waist Suits, and at the extreme low price we offer it at should clean up the whole lot before evening, as 15c per yard is actually only about half its true value. See it displayed in our East Show Window. Sale for One Day, Friday, only. Regular 25c and 30c Mercerized Madras Cloth Wash Goods at only 15c yard. It's marvelous value for the money.

TRADE IN THE MORNING IF POSSIBLE.

The People's Store.

Jim Dumps, although it made him ill,
Would of Welsh Rabbit eat his fill.
So his good wife, his taste to please,
Tried mixing "Force" with melted cheese.
"Force" Rabbit now agrees with him,
"It's simply great!" says "Sunny Jim."

"Force"

The Ready-to-Serve Cereal

permits indulgence without penalty.

Sweet, crisp flakes of wheat and malt.

The More I Eat the More I Want.

"'Force' struck the right spot. The more I eat, the more I want, and my family is as well pleased with it as I am. We are forced to keep 'Force.' T. R. BRENT."

When Others Fail Consult **DR. WENGER, SPECIALIST**

TO RETURN KING'S VISIT.

Paris, May 28.—It was officially announced today that President Loubet will proceed to London between July 18 and July 20 to return the visit of King Edward, and that he will stay there three or four days.

CHARGES NOT SUSTAINED.

Washington, May 28.—The secretary of war will today make public his findings in the case of charges by Maj. G. K. Hunter against Maj. Robert L. Howze for alleged cruelties in the Philippine islands. The secretary finds that the charges are not sustained and the evidence is based upon ex parte affidavits instead of oral examinations of those making the charges. The secretary finds that no beatings occurred such as was charged. The secretary does not grant the request for a court of inquiry as requested by Major Howze because of the difficulty in assembling such a court and obtaining the evidence. The court would have to be held in the Philippines to obtain Filipino testimony and officers who have knowledge of the facts would have to be brought from many points. The secretary has decided to appoint a board of officers in the Philippines to make a further inquiry, and to ascertain the sources of the testimony adduced, and inquire whether any malice was shown in the action of Major Hunter against Howze.

One hundred dollars' worth of butter bears off from the soil less of its valuable elements than 5 cents' worth of hay.

RECEIVER ASKED FOR CONTRACTORS

Dredging Firm Can Not Come to An Agreement--The Court News.

William H. Moellering was today appointed receiver in an action brought by William Kruse against John F. Norton and will take possession of a dredging outfit owned by the firm and now being used in the construction of the Fairfield ditch in this county. The parties to the suit are partners and are unable to agree in the matter of conducting their business. They have another dredging outfit in use in the Maumee river and Norton recently applied for a receiver for that part of the firm's property.

COURT NOTES.

A. J. Ford, formerly a constable in Justice France's court, was sworn in as a deputy sheriff this morning and will be on duty at Robison park.

On motion of Deputy Prosecutor Frank Emrick the case against Albert Bacon, charged with cutting down and removing a tree from the premises of Patrick McCormick, was dismissed this morning. The action was appealed from the justice's court at Monroeville to the circuit court.

The custody of Emma Carl and Adolph Puff was awarded this morning by Judge O'Rourke to the board of children's guardians. The parents are divorced and the children are without a proper home. Joseph Puff, another of the family who lost part of one of his legs in a street car accident last winter, is still in the custody of the court and his case will be disposed of later.

The Albert Leuenberger case was in the superior court this morning in a different form and arguments were heard. Several weeks ago it was heard on an appeal from the county commissioners and Judge Heaton decided that the superior court was not the proper tribunal to hear it. Leuenberger now sues the remonstrators.

A judgment in favor of the Fort Wayne Gas company was granted this afternoon against Thomas J. Peter. The company brought suit for $180 for expenses incurred in protecting its mains at the time the intercepting sewer was constructed. A compromise was reached today.

HANNA'S TOWN GOES FOR THE PRESIDENT

Cuyahoga County Endorses Him--Hanna Makes Speech Witn Reserved Meaning.

Cleveland, O., May 28.—The republican county convention today adopted resolutions endorsing the administration of President Roosevelt and recommending his renomination and election in 1904. The resolutions also warmly praise the records and service of Senators Foraker and Hanna and Governor Nash. Delegates to the state convention were instructed to cast a solid vote for Col. Myron T. Herrick for governor.

Senator Hanna addressed the convention and paid a high tribute to President Roosevelt and his administration. In part Senator Hanna said:

"I have nothing but commendation for the record of the president, who from that awful day in Buffalo, when in the presence of his cabinet he registered a vow and called as witnesses the whole American people, that it would be he his duty as well as his pleasure to carry out the policies of William McKinley.

"That utterance gave him a high place in the hearts of the American people and to the best of his ability he has labored honestly to carry out that pledge."

ENTIRE COMMUNITY ON TRAIL OF FIENDS

Two Colored Men Guilty of an Assault Will be Lynched if Captured.

St. Clairsville, Ohio, May 28.—The entire community is up in arms and hunting two negroes who assaulted Mrs. Maud Pugh last night while she was returning home with her sister, Miss Haught. The negroes knocked Mrs. Pugh down, strapped her hands and feet together and stuffed her mouth full of paper. The negroes, it is said, will be lynched if caught, as this is the third assault within two weeks.

F. L. Keeser has gone to Rome, N. Y., for an extended visit with friends.

BROOKLYN HANDICAP TO BE RUN TODAY

Whitneys Gunfire Favorite in the Great Race--The Starters.

New York, May 28.—An overcast sky, with occasional showers during the early part of the day, caused many a sigh of discontent among the thousands of lovers of the race horse, who had for weeks looked forward to this, Brooklyn handicap day. While the weather was threatening, however, the sun came out at intervals to lend hope to those who were anxious that perfect conditions should prevail for the classic event of the Gravesend meeting.

The early showers were hardly sufficient to make the track a heavy one; in fact, they did more good than harm, laying the dust and cooling the atmosphere to add to the pleasure of those who crowded the trains and by carriage and automobile traveled Gravesendward. Eighteen horses were scheduled to start, among them a number that have won laurels during the present and past seasons.

William C. Whitney's Gunfire, as a result of her victory in the Metropolitan in the fastest time on record, was the favorite with the general public, while E. R. Thomas, the latest acquisition to the ranks of wealthy supporters of the "sport of kings" was conceded to have a very good chance of capturing the prize with Yardarm.

Foxhall Keene was also a bidder with Injunction and others which carried considerable money were Frank Farrell's Blues; L. V. Bell's Colonel Bill and W. C. DeB. Lopez's Articulate. The Brooklyn handicap was the fourth race on the program. It was for three-year-olds and upwards; sweepstakes of $100 each, with $10,000 added; one mile and a quarter. This year it is worth $17,000, of which $12,000 goes to the winner.

Blues, Francesco, Himself, Royal, Waswift and Sambo were withdrawn.

The starters, jockeys and ante-post betting were:

Colonel Bill, Rice, 5 to 1 and 2 to 1.
Herbert, Odom, 20 to 1 and 8 to 1.
Bonibert, McCue, 25 to 1 and 10 to 1.
Articulate, Larson, 10 to 1 and 4 to 1.
Heno, Minder, 20 to 1 and 8 to 1.
Igniter, None, 15 to 1 and 6 to 1.
Oom Paul, Bullman, 10 to 1 and 4 to 1.
Gunfire, Burns, 4 to 1 and 8 to 5.
Irish Lad, Connell, 8 to 1 and 3 to 1.
Yardarm, Haack, 8 to 1.
Hunter Raine, Henderson, 20 to 1 and 8 to 1.
Injunction, Waugh, 10 to 1 and 4 to 1.

The showers early in the day made the track perfect and an immense crowd poured into the track early.

DIED IN COLORADO.

Relatives in the city have just received notice of the death at Silverton, Col., early in the week of Joseph Dreisbach, formerly a well known fireman on the Nickel Plate railroad. Death was due to consumption, from which the deceased had been suffering for a year or two. He was forty-five years of age and was born on the Dreisbach farm, a short distance west of Maysville. He went west when a young man and was engaged in mining for about ten years, when he returned here for a short time, and then went back west, remaining there about a year and a half, when he returned to Allen county and was married to Miss Carrie Shirley, of Springfield township. Soon after he went to work on the Nickel Plate as a fireman, remaining there until April, 1896, when he returned to Colorado, where he was employed in the mines at Silverton. He leaves a widow and two young sons, Joseph and Norman. He leaves besides these a widowed mother at Maysville and one sister, Mrs. Jonas Astry, of this city, and several brothers, Levi W. Dreisbach, of Fort Wayne; Engineer John Dreisbach, of the Nickel Plate, Leipsic, Ohio; Frank Dreisbach, of San Francisco, and Samuel Dreisbach, of Silverton, Col. Interment will be made at Silverton.

MARRIAGE LICENSES.

Edward S. Oman and Hattie Smith.
Harry A. Griffith and Mabelle S. Bunyea.
Charles N. Brocking and Lizzie Price.
Frederick Reiter and Augusta E. Wohlers.

NOTES OF THE DAY.

The output of the American furnace is more than double that of the British.

The United States Steel corporation has unfilled orders for 5,410,719 tons of steel.

The population of Canada east of Lake Superior is 4,000,000 and west of it 1,000,000.

The Canadian government has decided to add one-third to the tariff duties of all German goods.

During the last three years 22 millionaires have died in England. Their average age was 75 years.

NEW REFEREE HOLDS HIS FIRST HEARING

Examination in the Erma Lee Bankruptcy Action from Huntertown.

E. V. Harris, the new referee in bankruptcy for this district, held his first hearing this afternoon, presiding over the first meeting of creditors in the bankruptcy matter of Erma Lee, the Muncie young woman who was owner of a general store at Huntertown.

The hearing was held in the federal court room, and the testimony of the petitioner and of the store manager, Charles Smith, was taken. Among the attorneys engaged in the case were Hon. J. M. Barrett, Carl Yaple, Guy Colerick and W. L. Ballou.

A DAY LIGHT HOLD-UP.

Des Moines, Iowa, May 28.—It is reported here that the Northwestern passenger train was held up by two robbers between this city and Ames this afternoon in broad day light.

As He Would Do

SOME time ago a newspaper in Kansas was run for one week as Christ would run it. For one month, during June, we will conduct our grocery store on the same principle.

Our Plan is This:

Each day after our cash register shows receipts of $25 every article in the store will be sold for actual cost.

At all times the bills showing just what each article costs us will be on file where customers will have access to them and can satisfy themselves that they are ing goods for cost.
